MRS. HILTON'S CRÉCHE,

INFANT INFIRMARY AND INFANT HOME,

Nos. 12, 14, & 16, STEPNEY CAUSEWAY, COMMERCIAL ROAD, E.

Patron.

HER ROYAL HIGHNESS THE PRINCESS CHRISTIAN.

MRS. MARIE HILTON.

THE CRÈCHE has now been established about eleven years. Its claims on the Christian and benevolent public have been fully recognized, and many other institutions have been founded on its model. Over one hundred children, whose ages vary from three weeks to five years, are left at the Crèche daily, thus enabling many poor women to maintain their families in comfort, while the benefit to the children is incalculable. The attendance this year has been 28,271.

INFIRMARY.—To the Crèche has been added a department for Sick Children, containing twelve cots, which are always occupied. This branch has now been established five years, and three hundred and thirty-nine cases have been treated during the past year.

INFANT HOME.—This also has arisen out of the work, and is a great necessity. It was opened in March, 1874. Eighty-four children have been temporarily accommodated, and forty are now in the Home.

To maintain such an institution in all its departments the most liberal support is required, aid is therefore earnestly solicited. Funds are also most urgently needed to meet a continued deficiency of income, the past year having been one of great depression.

The LADY SUPERINTENDENT also earnestly pleads to the benevolent for means to provide a Country Home to serve the double purpose of Convalescent and Training Home for the Elder Girls.

SUBSCRIPTIONS OR DONATIONS, to whichever Branch of the Institution may most claim the sympathy and interests of the benevolent donors, will be gratefully received by the Lady Superintendent at the Crèche, or at her residence, Langvold House, Burdett Road, E.

I O R M O F B E Q U E S T .

I give and bequeath to the Treasurer or Treasurers for the time being of Mrs. HILTON'S CRÈCHE, situate in Stepney Causeway, Commercial Road, E., the sum of £
 legacy duty; the same to be applied towards the purposes of the Charity, for which Legacy the receipt of the Treasurer or Treasurers for the time being of the said Charity shall be a sufficient discharge to my Executors.

POCOCK BROTHERS,

Patentees and Sole Manufacturers, 235, Southwark Bridge Road, London.

Consists of a series of separate and distinct Cylinders, any diameter and suitable length, made of Waterproof material either for Water or Air, fitting into a case which keeps them side by side, but slightly apart.

Its Advantages over ordinary Water or Air Beds are as follows:—

1. In cost it is less expensive.
2. It is quickly filled and easily adjusted.
3. It is warm and light, and well-adapted for camp or field-bed, being waterproof.
4. It admits of ventilation in the space between the tubes.
5. It can be regulated so as to relieve pressure from any part required.
6. By the addition of tubes it will raise one part of the body higher than the rest.
7. By the temporary removal of one or two tubes it affords room for the introduction of a bed-pan.
8. It can be inclined to any angle (even when

filled with water), to suit the condition of the patient.

9. It is free from noise and surging, so disagreeable to the invalid on changing his position on a water-bed.

10. In case of injury to a tube it can be withdrawn, and a fresh one substituted at a trifling cost, and without loss of time; whereas the ordinary water-bed if injured in any part (from being in one compartment) is rendered useless.

11.—In the treatment of invalids, especially the insane, who are paralyzed, and have no control over their evacuations, they cannot lie in a pool of wet, the fluid passing away between the tubes.

for Family Use.

COCOATINA is the highest class of Soluble Cocoa or Chocolate in a concentrated form.

It consists solely of the finest Cocoa Beans, without sugar or spice; the *excess* of fat being extracted **mechanically**, which not only renders it more delicate and digestible, but increases the proportion of flesh-forming and nourishing properties.

Made instantaneously with boiling water, palatable without Milk.

THE FACULTY pronounce it "the most nutritious, perfectly digestible Beverage for **BREAKFAST, LUNCHEON, or SUPPER,** and invaluable for Invalids, and young Children."

Cocoatina will bear the strictest Chemical Test.

It is prescribed with great success for delicate Females and Children when all other food is rejected; and is celebrated for its restorative qualities in cases of Debility and imperfect Digestion.

Highly commended by the entire Medical Press.

Being absolutely free from sugar (the *excess* of fat), or any admixture, it keeps better in all climates, and is four times the strength of Cocoas *thickened yet weakened* with arrowroot, starch, &c., and *in reality cheaper than such mixtures*; one tea-spoonful being sufficient for a cup of Cocoa (*the cost of which is less than a Halfpenny*), and two or more for a cup of Chocolate.

Cocoatina à la Vanille

Is the most delicate, digestible, cheapest Vanilla Chocolate, and may be taken when richer Chocolate is prohibited.

The Royal

Guide to

THE LONDON CHARITIES.

OPINIONS OF THE PRESS.

"ROYAL GUIDE TO THE LONDON CHARITIES.—A welcome and useful guide. It will enable those who use it to test and verify the character of a large number of the 'appeals' which meet their eyes; for in the compass of some 230 pages it gives a tabulated account of the object and work of every charitable institution of this great metropolis. It forms a complete repertory of instruction to those who seek for aid from such institutions, or who desire to support them. The statements thus tabulated are very brief, but also very comprehensive; and, as the work is corrected yearly by the managers of the several charities, its contents may be relied upon as being at all events, 'brought down to date.' A book which thus epitomizes the general outlines not merely of such great charities as Christ's Hospital and St. Thomas's and St. Bartholomew's Hospitals—the latter showing a yearly list of 167,000 recipients of its aid—but also of the smallest associations for remedying the 'ills which flesh is heir to,' can scarcely fail to prove useful. It may be added that the preface contains many remarks in the way of comment and of counsel. The work is edited by Mr. Herbert Fry, and published by Mr. Bogue."—*Times*.

"It is only when we turn to such a list as Mr. Herbert Fry has lately published that we can form a just conception of the vast proportions and infinite variety of Public Charity. Mr. Fry has evidently bestowed much care and industry on the compilation of his catalogue. . . . The title of this useful guide sufficiently describes its contents. The book cannot fail to prove of considerable service to the charitable. Those who are not so disposed may be usefully reminded by it of the vast necessities of London, and that the agencies at work to relieve them are for the most part supported by voluntary contributions. Mr. Fry has done this work well. The arrangement of the volume is excellent. The reader who applies to it for information respecting any public or private charity will find no difficulty in obtaining what he seeks."—*Pall Mall Gazette*.

"The Good Samaritan—no uncommon character be it said—who desires to help the sick and the sorry, having insufficient means of his own, may find in the careful pages of Herbert Fry's 'Guide,' when, where, how, and to whom to apply for aid or information."—*Morning Advertiser*.

"On the usefulness of Mr. Herbert Fry's manual it is almost superfluous to dwell. Each person will have his distinct and individual sympathies excited by the records of this wonderful little book; this terrible revelation of the multitudes who are afflicted or distressed, in mind, body, or estate, this practical result of the teaching of Christ, who 'went about doing good'; and each will find the object of those sympathies urged with an eager earnestness which tells how truly men's hearts are set on the alleviation of the lot of their fellows."—*Spectator*.

"We cannot speak too highly of this excellent annual, nor recommend it too strongly to the attention of our readers. We habitually use it, and derive from it much information which is given from time to time in our columns in answer to correspondents. . . . A reference to its pages might prevent deserving appeals from being rejected, and undeserving ones from being so prosperous as they too often are. We have made great use of it, and with much advantage."—*Queen*.

"Regarded simply as a guide to the London Charities the manual is entirely without fault."—*Army and Navy Gazette*.

"We counsel the benevolently disposed to buy Mr. Herbert Fry's Guide, and to act on its information."—*Broad Arrow*.

"A carefully compiled volume, giving a vast amount of information respecting the Charities of the Metropolis."—*Observer*.

"Much labour has evidently been spent on this admirably contrived and exceedingly compact little manual. The public will be greatly indebted to Mr. Herbert Fry for the ample range over which his inquiries have extended, and the clear and convenient method in which he has tabulated the results of them."—*Sunday Times*.

"A cheap and handy Guide to the benevolent institutions of the great Metropolis."—*City Press*.

"Curious as well as useful information is to be obtained from many a book of the directory class, and we have seen few directories from which more of both kinds may be extracted than from Mr. Herbert Fry's 'Guide to the London Charities.'"—*Medical Times*.

"Every page supplies matter for thought, reflection, and gratitude. The work is well got up, the contents very easy for reference, and is very cheap."—*Wesleyan Times*.

"We are glad that Mr. Herbert Fry's work is so well and steadily appreciated."—*Nonconformist*.

"The volume is both interesting and useful as a guide to Metropolitan Charities."—*Builder*.

"We are glad to learn that this guide is appreciated; we can quite understand how gladly thousands avail themselves of the information which it gives so concisely."—*Public Opinion*.

"Convenient both in form and arrangement. This handbook will be found extremely useful."—*Weekly Despatch*.

OPINIONS OF THE PRESS.

"Mr. Herbert Fry has compiled, and Mr. David Bogue published, 'London in 1881,' a guide to London, which is certainly a marvellously cheap book. The bird's-eye views will be a great help to the stranger."—*Athenæum*.

"We are glad to call attention to an excellent guide and handbook, 'London in 1881,' illustrated with bird's-eye views of the principal streets, by Herbert Fry."—*Spectator*.

"The name of its compiler, Herbert Fry, editor of the 'Royal Guide to the London Charities,' guarantees its completeness. The bird's-eye views of the chief thoroughfares are a new feature of streetography and far more useful than maps."—*Graphic*.

EDITOR'S PREFACE

TO THE NINETEENTH ANNUAL EDITION.

IN my last year's Preface I ventured to express an opinion upon one or two questions then occupying the attention of philanthropists, as to which Time has since produced a solution, deserving record here. It is to me—who then pleaded in this place against wasting in new edifices the noble bequest of Mr. H. Gardner to the Blind—extremely gratifying to note that Mr. Justice Fry has finally adjudicated upon the matter, and directed the Trustees to abandon the scheme of a musical college at Windsor, and to apply the fund in helping already existing Charities. “In my opinion,” said the learned Judge, “in founding a new separate institution, and merging the fund in bricks and mortar and other ways, instead of assisting those established and shown to be useful, there would be great loss. I think, therefore, that it is desirable that the fund should be applied in assisting existing institutions, rather than in founding and endowing a new one.”

As respects another point to which I last year directed attention, we have also since then obtained an authoritative decision. It is somewhat difficult to re-traverse the whole distance of a year in memory, and in days like these, when great events crowd so thickly upon one another, it may scarcely seem worth while to remember anything that was

done or said a year ago; but upon this question, which in one form or another is being frequently raised, I think it my duty to report progress. It has become, as I indicated last year, a sort of fashion to denounce Charitable Institutions, "for doing badly that which some think it is the duty of the State to do thoroughly and well." I ventured to deprecate such denunciations, and to point out that they were as unreasonable as were the expectations that the State would undertake charitable labours in addition to duties which already far exceed the powers of Parliament. I urged that as "State failures," such as the Indian and Irish Famines, have always to be "mitigated by public benevolence," it was "much more probable that the State should continue to rely upon charitable assistance, than to supersede it or to dispense with it. The following incident justifies that view. A memorial lately presented, asked, reasonably enough, that Government grants be made to all schools for the proper education of the Deaf and Dumb, estimated at a total of 5000, of whom 2700 are now being provided for by the Charitable World. Now, *primâ facie*, it would appear impossible for the Government to deny its responsibilities in such a case, for, if the claim of poverty *per se* has been recognised under the Poor Laws and admitted, surely poverty, aggravated by a deprivation of the natural powers of hearing and speech, ought to elicit larger aid. Mr. Mundella demurred, however, to "this new demand upon the Exchequer;" and, so far was he from exhibiting a disposition to undertake that the State should relieve the Charities from duties they are only able partially to discharge, "he deprecated the idea that everything should be done by State aid. He admitted that a very important work was being performed by charitable labour, and hoped that public attention would be further drawn to such work."

Two most important changes are in course of being made

in the administration of our great Medical Charities, towards increasing their funds and rendering them more generally beneficial; namely, the admission of paying patients to Hospitals, and minimising the demands of Out-patients by the establishment of Provident Dispensaries, to the support of which workmen shall themselves contribute regularly during health, and so entitle themselves to medical aid whenever they or their families require it. St. Thomas's Hospital leads the way, in respect to such In-patients. It has found its vast buildings (planned with an eye to the enormous yearly increase in the population of London) too costly to maintain upon the ancient lines, and the Governors, with the consent of the Charity Commissioners, have established in one of the end blocks of the edifice, "St. Thomas's Home" for persons of both sexes of the middle and upper classes willing to pay for medical attendance and nursing therein, at the rate of not less than 8s. a day, paid weekly in advance. Of course no case of chronic, incurable, or infectious disease is to be admitted. This new arrangement, it is to be hoped, will prove as advantageous to the funds of the Hospital as it will doubtless be beneficial to the Paying Patient, whose very sufficiency of means has hitherto prevented him sharing in the benefits conferred by such Institutions upon the poorest classes.

The Charitable Trusts Acts Amendment Bill, as first laid before Parliament, seemed to aim at centralising those local institutions which thrive only when free. The prevailing fashion of concentrating power in the hands of a few persons removed from local influence, and unacquainted with local wants, will, it is feared, bring about indifference on the part of the benevolent to those local claims which have hitherto operated to produce the noblest benefactions. In order to show that this idea is shared by many among our foremost philanthropists, one may cite the opinions expressed

by the Deputation to the Lord Chancellor to oppose the Bill ; as also Lord Shaftesbury's words at the last annual meeting of the Mendicity Society, that if this Bill "were allowed to become law, in a very few years the Charity Organization Society would have the distribution of all the religious and charitable funds of the country. It was a measure which must be resisted with all their strength, for if it were passed it would stop the flow of charity and chill peoples' hearts." I have continually advocated in this Preface what appears to be a mere truism, but is, in fact, completely opposed to modern theory, that the very essence of charity consists in the more or less face-to-face knowledge which the giver and receiver should have of one another. Active personal interest should be cultivated in the minds of those who are able to give—in the griefs, disasters, and deprivations of their poorer neighbours, and the amount thus bestowed will largely increase and be better directed than by deputy almoners. I look around, year after year, upon the most prominent operators in charitable life, and these seem more and more bent upon separating the giver from his gift, and forbidding all beneficence that is not filtered through the agency of middle-men of imperfect sympathies. Will the now much-derided but anciently-honoured sentiment of individual benevolence survive the continued interference and denunciations of amateur legislators? Such sentiment, derived from the old Christian code, will eventually, no doubt, re-establish its influence ; but meantime perchance great damage is being done, the extent of which nothing but time can realise. The great charitable institutions of this town and kingdom depend not so much on the subscriptions of the living as upon legacies from those who, at parting from life, divide their wealth among the most wretched and miserable of those who survive them, and for whom they have most sympathy. If modern teaching supersede temporarily the

good old faith that "he who giveth to the poor lendeth to the Lord," and undermine the spirit of sympathy that in the past has effected good far beyond the functions or powers of the State, the question will arise, how is the maintenance of our numerous and most necessary institutions to be secured. If the "dead man's hand," which charitable committees know well is their chief benefactor, bear not its usual gifts, the end of many charities will not be far to seek. I watch then, year by year, more narrowly the legacy returns, dreading, yet not surprised at any narrowing of the stream which has so long been the fertilising source of charitable life. This year, I am sorry to note, has partly justified my fears. The legacies have, for some reason or another, in many instances, fallen below the average, sufficiently to induce anxiety. It is to be hoped that next year my returns may prove more cheerful; but meanwhile it will be well to mark carefully the course of events, with a view to preparation against an adverse tide, should one really be rising.

The Commission of Inquiry into the administration of the property of the City Livery Companies ought to result in great benefit both to the State and the City. My own experience of those great City Companies has not been agreeable. Few and sparing have been the replies made to my requests for information during the twenty years I have gone on patiently and regularly soliciting for those particulars which the Commission will soon, doubtless, drag into the light of day; the Companies, with but two or three noble exceptions, deigned not to make more than formal acknowledgment of my applications, and left me in unenlightened but dissatisfied ignorance of their operations. Of late I have been glad to note the first symptoms of improvement; my forms for return have been more civilly dealt with, though I obtained but little more information; and "the shadow of coming events," has displayed itself in liberal grants to a few

of our best known Charities, and in aid of City Education. The City Guilds have lately thought it advisable to identify themselves in some slight degree with the handicrafts and trades which were their original and only *raison d'être*. The demand of public opinion is become too loud to be any longer resisted, and the order to "Move on" with the tide of other improvements will set even the high and dry institutions of the city in motion, and turn them to good account. To such peaceful revolutions we feel how applicable are the wise words of the great Lord Bacon: "Since things alter for the worse spontaneously, if they be not altered for the better designedly, what end will there be of evil?"

Having thus lightly touched upon a few subjects which furnish matter for consideration among those interested in charitable labours, I conclude by tendering as usual my best thanks to my friends, the officials of the various Institutions, for their returns set forth in this Manual, and subscribe myself as ever

The Public's humble Servant,

HERBERT FRY.

ROYAL HUMANE SOCIETY,

To collect and circulate the most approved and effectual Methods for recovering Persons apparently Drowned or Dead; to suggest and provide suitable Apparatus for, and bestow Rewards on all who risk their Lives in, the Preservation or Restoration of Human Life.

SUPPORTED BY VOLUNTARY CONTRIBUTIONS.

OFFICE: 4, TRAFALGAR SQUARE, CHARING CROSS.

Patron.—THE QUEEN'S MOST EXCELLENT MAJESTY.

Vice-Patron.—H.R.H. THE DUKE OF CAMBRIDGE, K.G.

President.—HIS GRACE THE DUKE OF ARGYLL, K.T.

THE RECORDS OF THE SOCIETY show that during the past Thirty-two years 7334 persons have been granted the Society's Honorary Rewards for exertions in saving life, and over 16,000,000 persons are estimated to have bathed and skated in the Royal Parks and Gardens of the Metropolis under the care of the Society's Officers; in that large number, accidents in which life was in danger were very numerous, and the majority of those immersed were rescued by the Society.

Every individual, of whatever rank or station, has a direct personal interest in the prosperity of this Institution. Who shall claim for himself or family safety from the dangers against which it provides? The Society requires a large sum to maintain all their apparatus in good order at their numerous Stations.

One Guinea per annum constitutes an ANNUAL GOVERNOR; Ten Guineas Donation a LIFE GOVERNOR. Any amount, from 5s. upwards, will be thankfully received.

SUBSCRIPTIONS are received at the Bankers, Messrs. DIMSDALE & Co., Cornhill; by WM. HAWES, Esq., F.S.A., Treasurer; and by the Secretary, at the SOCIETY'S OFFICE, 4, Trafalgar Square, Charing Cross, to whom all communications and applications for Rewards for saving Life are to be addressed.

CAPTAIN I. W. HOME,

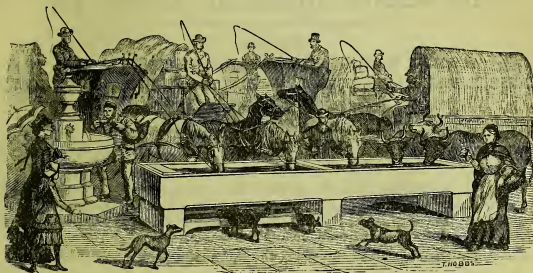

Secretary.

FORM OF BEQUEST.

"I give and bequeath to the Treasurer for the time being of the ROYAL HUMANE SOCIETY, established in London, for the uses and purposes of the said Society, the sum of £ (state the sum in words at length), to be paid, free of Legacy Duty, within months after my decease, out of such part of my Personal Estate as the law permits to be bequeathed to charitable purposes."

Metropolitan Drinking Fountain AND Cattle Trough Association.

SUPPORTED ENTIRELY BY VOLUNTARY CONTRIBUTIONS.

Offices : VICTORIA HOUSE, 111, Victoria Street, Westminster, S.W.

President.—THE DUKE OF WESTMINSTER, K.G., &c.

Chairman and Treasurer.—SAMUEL GURNEY, Esq., F.R.G.S., &c.

General Manager and Secretary.—JOHN LEE, Esq., F.R.G.S.

THIS is the only Agency for providing **FREE SUPPLIES OF WATER** for Man and Beast in the Streets of London.

459 Troughs for animals and **462 Fountains** for human beings, have now been erected in the metropolis.

On the lowest computation **200,000** horses, besides oxen, sheep, and dogs, are drinking daily at the Troughs, and **500,000** human beings at the Fountains, making the enormous total of more than **250,000,000** drinkers a year.

The Committee earnestly solicit liberal contributions in support of this simple scheme for the amelioration of animal suffering and the promotion of habits of temperance amongst our itinerant and working population. Contributions may be paid to the Bankers, Messrs. RANSOM, BOUVERIE, & Co.; Messrs. BARCLAY, BEVAN, & Co.; or to the General Manager and Secretary, at the Office.

To those benevolent individuals who may be inclined to become Benefactors by Will to this Society, the following form is respectfully suggested :—

“I give and bequeath the sum of _____ to be paid out of such parts of my personal estate as can be lawfully applied for that purpose, unto the Treasurer for the time being of a Society called or known by the name of ‘The Metropolitan Drinking Fountain and Cattle Trough Association,’ to be at the disposal of the Committee for the time being of the said Society.”

Treasurer.—R. RUTHVEN PYM, Esq. | Bankers.—COUTTS & Co., Strand, London.

Upon this Institution, founded in 1824 (the only one having for its object the protection of dumb and defenceless animals), rests a heavy responsibility. It is earnestly and respectfully submitted, that it has in consequence a strong claim upon the benevolence of the humane and charitable.

The Committee respectfully appeal to the Public to extend a hearty assistance,—

- I. By supplying early information to the Secretary of all acts of cruelty that have been witnessed.
- II. By increasing the revenue of the Society by annual subscriptions, by donations, by testamentary gifts, and particularly by inducing their friends to become members.

Trained Officers are despatched to all parts of the Kingdom.

The increased operations of the Society have drawn from the funds an amount vastly exceeding the yearly subscriptions. The Committee need much greater assistance, and unless such additional support be extended to them, this most righteous cause of humanity must suffer from insufficiency of means to carry out those many urgent measures which every well-wisher of this Society has so deeply at heart. Remittances may be forwarded to

JOHN COLAM, *Secretary.*

THE OBJECT of this Institution is to restore lost dogs to their owners, and to find suitable homes for those without owners. The animals brought to the kennels are retained as long as possible, and the lives of those only for which homes cannot be found are destroyed. The present extent of kennels affords room for about 600 animals.

A system of registration is adopted so that every dog once brought to the Home may be traced, and thus the possibility of dogs being purchased by the agents of vivisection for the purpose of physiological experiments is guarded against.

During the year 1880 as many as 5249 dogs brought to the Institution were either restored to their former owners or sent to new homes, being a decrease of 29 on the number of animals similarly disposed of during the previous year.

The Committee earnestly solicit the liberal support of all benevolent persons in aid of the work of compassion and mercy carried on by this Institution.

A Mortgage debt of £1000 still presses heavily upon the means placed at the disposal of the Executive, and improved and increased accommodation is urgently needed at the Home.

SUBSCRIPTIONS and DONATIONS will be thankfully received by the London and Westminster Bank, St. James's Square, S.W., or at the Home by

THOMAS SCOBORIO, *Manager.*

CHARITY ORGANISATION SOCIETY.

OFFICES OF THE COUNCIL:—

For List of District Committees, see pages

PATRON—THE QUEEN.

Chairman of Council—H.R.H. PRINCE LEOPOLD, K.G.

Treasurers—H. B. PRAED, Esq., and M. B. PRAED, Esq.

N.B.—No direct applications for Relief can be received at the Central Office.

MODE OF OPERATION.

I. Each Committee establishes an Office to be a centre of charitable organisation in its District. The inhabitants of the District, WHETHER SUBSCRIBERS OR NOT, are invited to refer to the Committee all cases requiring investigation, and are supplied, on request, with tickets bearing the address of the Office. If requested to do so, it communicates the result of such investigation to the person desiring inquiry, and should he wish to undertake the case, leaves it in his hands. In the absence of such wish, the Committees deal with each case to the best of their judgment and ability. District Visitors, Dispensaries, and Hospitals are invited to refer cases requiring investigation to the Committees.

II. Wayfarers and vagrants, if they appear to be in extreme want, have bread given them TO BE EATEN AT THE OFFICES, and receive such advice and assistance as the circumstances of each case require. The public are therefore earnestly requested not to give direct relief to applicants, in the streets.

III. The Society desire in every way to promote personal intercourse between different classes, and they invite all willing to assist them by visiting, or in other ways, to send in their names to the Office of their District, or to the Central Office of the Society, at 15, Buckingham Street, Adelphi. They earnestly deprecate the supposition that the Committees, if supplied with money, will be able to do all the work of individual charity. They wish to make their Offices centres of local information, to encourage judicious work of all kinds amongst the poor, and to get many more persons to assist in doing it.

IV. The Reports of most of the Metropolitan Charities and numerous Books of Reference on Charity and the Poor Law can be seen at 15, Buckingham Street. Members of District Committees and the public generally are invited to consult them there; or to write to the Secretary for information on any practical points contained in them.

V. During the year ending 31st December, 1880, the District Committees of the Society dealt with 20,770 cases, exclusive of 11,800 applications by Vagrants and Homeless persons. Of these, 9369 were dismissed for various reasons; 4673 were referred to legal and charitable agencies; and 6728 were assisted by Grants, Loans, and in other ways.

The *Charity Organisation Reporter*, published weekly during the Sittings of Council, is sent post-free for a year for 5s.

CONTRIBUTIONS for the work of the Society are earnestly requested, and may be paid at the Office of the Council, 15, Buckingham Street, Adelphi; or to the account of the Charity Organisation Society, at Messrs. COUTTS & Co.'s, 59, Strand, W.C. Contributions for the poorer District Committees can be paid to the "District Committee Aid Fund" of the Council.

NOTE.

Through the agency of the NATIONAL THRIFT SOCIETY, a very considerable amount of public attention has of late been directed to the question of Thrift, and various means for its practical development have, in consequence, been adopted.

Treasurer.—BARTLE JOHN LAURIE FRERE, Esq.

Hon. Secretary.—GEORGE WILLIAM BELL, Esq.

The whole of the Nursing at King's College Hospital, Charing Cross Hospital, and the Maternity Home at Chelsea, is undertaken by this Sisterhood.

A limited number of Ladies are received by St. John's House for Training in Nursing at the Hospitals under its charge.

Nurses for Private Families reside at St. John's House, for whom application should be made direct to the Lady Superior.

The Maternity Home, a Lying-in Hospital for Poor Married Women, at Nos. 6, 7, and 8, Tadema Road, King's Road, Chelsea, receives 15 patients, each in a separate room. Out-Patients are also attended at their own homes.

The annual expense of maintaining the Maternity Home amounts to about £700. An Earnest APPEAL is therefore made for DONATIONS and ANNUAL SUBSCRIPTIONS in AID of this work, especially with a view to a permanent Maternity Home, which it will be the aim of St. John's House to make a model in its construction and working.

Nursing among the poor of London at their own homes is also actively carried on. In the East-end of London a Branch Nursing Home has been established and sick relief given, the annual expense of which will be about £300.

A brief History of the Institution may be had on application by letter.

The Report and Accounts of the Institution are annually sent to all Subscribers.

DONATIONS and ANNUAL SUBSCRIPTIONS for the general work of the Sisterhood, or for any of its special objects, will be very thankfully received by the Secretary; by the Lady Superior, at St. John's House, Norfolk Street, Strand; or by the Bankers, Messrs. Coutts & Co., Strand, W.C.

THE OBJECT OF THIS FUND is to give an annuity of £15 to Superannuated *Trained Hospital and Surgical Nurses*. Generally speaking, their wages are too low—10s. 6d. a week on an average—to enable them, with the utmost care, to lay by enough to maintain them in old age, and it is a melancholy fact that many of them, after a life of usefulness and self-denial, end their days in a workhouse. On the other hand, it is very desirable that their wages should be moderate, so as not to preclude their being employed by persons of small income, who can ill afford to pay the guinea a week to the Institutions which supply trained Nurses, the Nurse herself only receiving half that sum. The nature of their employment is such, that, to use Miss Nightingale's words, they grow into fitness for it, and out of fitness for any other work;" while at the same time they are constantly exposed to great mental and physical fatigue and anxiety, the risk of infection and vitiated air, which rapidly wears them out; and it is a painful fact that the mortality amongst the Nurses in the fifteen largest metropolitan hospitals exceeds the ordinary mortality of the female population of London in the ratio of 40 per cent., consequent solely on the risks attaching to the vocation of nursing.

The sum of £1945 has been collected; but *as only the interest of this capital can be devoted to the purposes of the Fund*, a larger principal is required to enable the Council to extend its sphere of usefulness; and they therefore earnestly commend this Fund to the attention of the public. At present they are obliged to refuse aid to most deserving and distressing cases.

SUBSCRIPTIONS will be thankfully received by Messrs. COURTTS & Co., 59, Strand; Lady BLOOMFIELD, Shrivenham House, Shrivenham, Berks; and F. W. MACAN, Esq., Hon. Sec., 3, Fenchurch Avenue, E.C., who will also gladly furnish any information.

ST. BARTHOLOMEW'S HOSPITAL, SMITHFIELD; E.C.

Founded by Rayhere in 1123. Refounded by Henry VIII. in 1546.

President.

HIS ROYAL HIGHNESS THE PRINCE OF WALES, K.G.

Treasurer.—SIR SYDNEY H. WATERLOW, BART.

THIS HOSPITAL, one of the most ancient Charitable Institutions of Great Britain, and the oldest extant of the London Charities, is situated in the very centre of our vast metropolis. Its immediate vicinity, on all sides, is the location chiefly of the industrial and poorer classes—the very ones most subject to surgical casualties, and to need the aid of an Institution devoted to the medical relief of the suffering poor.

The Hospital has **676 BEDS**; of these about **400** are allotted to Surgical cases. Besides a staff of the most eminent Visiting Physicians and Surgeons, comprising four Physicians, four Assistant-Physicians, four Surgeons, four Assistant-Surgeons, two Ophthalmic Surgeons, a Physician-Accoucheur, and an Assistant Physician-Accoucheur, there are four House-Physicians and four House-Surgeons, an Obstetric Assistant and Ophthalmic House-Surgeon, in constant attendance. Upwards of **One Hundred Nurses** are retained, and each Ward, of which there are 27, is presided over by a "Sister."

ACCIDENTS AND OTHER URGENT CASES are admitted at any time, day or night, without previous recommendation. ORDINARY CASES of disease are admitted any morning between 9 and 10 o'clock.

The average number of cases annually treated is about 6000 In-patients and upwards of 100,000 Out-patients.

The Income of the Hospital, chiefly derived from rents and funded property, *fostered by benevolent bequests*, is about **£45,000**.

Attached to the Hospital, and maintained out of its funds, is a CONVALESCENT HOME, for the accommodation of 34 male patients, at Lauderdale House, Highgate.

There is also a SAMARITAN FUND attached to the Hospital, formed by the voluntary contributions of individual Governors and other charitable persons, for granting pecuniary assistance, surgical appliances, and other aid to convalescents on their leaving.

There is a MEDICAL SCHOOL connected with this Hospital which has long been one of the most famous in Europe; and the THEATRES, MUSEUMS, LIBRARIES, etc., which have lately been re-erected, are very valuable features of this Institution. There is also within the walls of the Hospital a COLLEGIATE ESTABLISHMENT for about 40 resident Students.

JOHN CHARLES STEELE, M.D.

THIS HOSPITAL has long held a prominent position among the philanthropic Institutions in this country, both in respect to the great scope of the Charity it dispenses as a hospital, and as one of the first Schools of Medicine in Europe. Some idea of the magnitude of its benevolent work may be gathered from the fact that in the past year it received into its wards 5189 In-Patients, and afforded Medical Relief to 60,404 Out-Patients, including about 12,173 minor accidents and urgent surgery cases, and 2593 Lying-in Women, who were attended to at their own homes.

The Hospital was founded for the reception of 400 Patients, but having been enlarged through the aid of a munificent Bequest from the late WILLIAM HUNT, it now contains 700 Beds; an additional Wing having been constructed accommodating 300 more patients. The Hospital buildings form an extensive and handsome range, and, with the large airing-grounds attached, occupy an area of about six acres. The administration of its affairs is under the care of Sixty Governors; the Treasurer being the general Acting Manager, and having the especial direction of the Medical School. THE ANNUAL INCOME is about £45,000, of which £10,000 are available for Hospital purposes.

THE SCHOOL DEPARTMENT comprises Two Theatres, Anatomical, Pathological, and Comparative Anatomy Museums, Materia Medica Museum, Model-room, Dissecting-room, Electrifying-room, Chemical Laboratories, Library, and every appurtenance that modern Science has devised for Medical Institutions of the first magnitude. There is also a Chapel for the Students and Inmates, in which Service is held on Sunday and Week-days.

The number of Students is 400, of whom about 60 are employed in some capacity within the Hospital, and eight are Resident.

The ordinary MEDICAL STAFF consists of four Physicians and four Assistant-Physicians for general Medical Cases; two Obstetric Physicians; four Surgeons, and four Assistant-Surgeons for general Surgical Cases; also Ophthalmic, Dental, and Aural Surgeons; besides other Professors not engaged in the care of Patients, who assist as Lecturers and Demonstrators in the School.

The regulations for the admission of Patients are as follows:—

ACCIDENTS and URGENT CASES are admitted at all hours.

ORDINARY CASES are received on Wednesdays, from 10 to 12 o'clock.

OUT-PATIENTS are required to attend betwixt 11 and 12 o'clock.

PHYSICIANS' PATIENTS, on Mondays, Wednesdays, and Fridays.

SURGEONS' PATIENTS, on Mondays, Wednesdays, Thursdays, and Saturdays.

DISEASES OF WOMEN, on Thursdays and Saturdays.

DISEASES OF THE EYE on Tuesdays and Fridays.

DISEASES OF THE EAR on Tuesdays.

DISEASES OF THE SKIN on Tuesdays.

No Recommendation is needed for admission to this Hospital. Sickness allied to Poverty is an all-sufficient qualification.

Steward.

FREDERICK WALKER, Esq.

THIS HOSPITAL was founded by Richard, Prior of Bermondsey, in the year 1213, for Converts and Poor Children. Remodelled in 1215 by Peter de Rupibus, Bishop of Winchester, for Canons regular; it was surrendered to Henry VIII. in the 30th year of his reign, and purchased by the Citizens of London in 1544, and opened for the reception of Patients in November, 1552, under Charter from the Crown. The Hospital remained on its old site in the Borough of Southwark, near to London Bridge, from its foundation until the year 1862, when the South-Eastern Railway Company obtained possession of the premises, and the Hospital was removed to a temporary location at Newington, Surrey. The new Hospital Buildings, of which the Foundation Stone was laid by Her Most Excellent Majesty the Queen, on the 13th May, 1868, and opened by Her Majesty on the 21st June, 1871, have been erected upon the most approved principles at very great cost. They are arranged for about 600 Beds, but in consequence of the large amount of Rates required by the Parish of Lambeth, five wards, containing 140 beds, have been closed.

The Gross Income of the Hospital, chiefly derived from Rents, aided by donations, is about £46,000; but from this a large deduction has to be made for defraying a portion of the cost of the new Hospital, and for charges and expenditure connected with landed property, leaving about £34,000 for Hospital purposes.

There is a SAMARITAN SOCIETY connected with the Hospital, supported by the Voluntary Subscriptions of the Governors, for the Relief of Poor Destitute Patients, by sending them to the Royal Sea-bathing Infirmary at Margate and various Convalescent Institutions, besides supplying Clothing, Surgical Instruments, and the means of reaching their homes upon discharge from the Hospital.

The MEDICAL SCHOOL attached to the Hospital is one of the oldest and most renowned in existence.

THE MEDICAL AND SURGICAL STAFF CONSISTS OF

4 Physicians, with 3 Assistant-Physicians; 4 Surgeons, with 3 Assistant-Surgeons; 1 Obstetric Physician, with 1 Assistant Obstetric Physician; 1 Ophthalmic Surgeon; 1 Surgeon-Dentist; 1 Resident Assistant-Physician; 1 Resident Assistant-Surgeon; 1 Resident Accoucheur; 2 Resident House Physicians; 2 Resident House-Surgeons, and a large staff of Dressers, Clinical Clerks, and other Junior Officers.

The Governors have the privilege of recommending Patients, but No recommendation is requisite to secure admission for fit and deserving cases.

Accidents are admitted at all hours.

THE WEEKLY BOARD OF GOVERNORS earnestly solicit the SUCCOUR of the public to the support of this old-established Hospital, which contains 310 beds. 32 beds are devoted to the Cancer establishment, instituted in 1792, where the patient is allowed to remain "until relieved by art or released by death." Eight beds are appropriated to women suffering from diseases peculiar to their sex. The other 270 beds are occupied by patients afflicted with the various medical and surgical diseases and accidents to which the poor and labouring classes are subject.

2,545 In-patients, and 28,329 Out-door patients were relieved last year, including 534 Lying-in Women, who were attended at their own homes.

THE LONDON HOSPITAL,

WHITECHAPEL ROAD, E.

President.—H.R.H. THE DUKE OF CAMBRIDGE, K.G.

Treasurer.—HENRY HUCKS GIBBS, ESQ.

THE LONDON HOSPITAL appeals for help on the following grounds:—It maintains 790 beds, and, being the only large general Hospital for the Eastern division of the Metropolis and the vast Suburbs adjacent, its resources are constantly taxed to the utmost. Its importance to the Public is shown by the ACCIDENTS received being more numerous than those at any three other large Metropolitan Hospitals combined. *It is virtually a free hospital, devoted to the service of the public; nearly three-fourths of the In-patients being admitted without a Subscriber's recommendation.*

No urgent case is ever refused admission.

The Hospital being situated amidst an enormous population of the poorest classes, who can contribute but slightly to its support, is principally dependent upon the liberality of the general Public, who are therefore urgently solicited for Contributions. Annual Subscriptions especially are asked for, as constituting a reliable source of Income. The yearly cost of maintenance is nearly £40,000, but the funded and other property of the Institution produce less than £14,000 a year, and over £25,000 a year is required in addition to maintain the Hospital efficiently, although economy is carefully studied.

The following figures will shew the value of this institution in the treatment of accident and disease:

SAMARITAN SOCIETY, LONDON HOSPITAL, WHITECHAPEL ROAD, E.

INSTITUTED 1791.

Patron—His Royal Highness The DUKE OF CAMBRIDGE, K.G.

Treasurer—THOMAS FOWELL BUXTON, Esq.

THIS SOCIETY was instituted as an appendage to the London Hospital, and has far exceeded in extent and efficiency the expectations of those who first sketched out its plan of operation. It would be impossible in a brief statement to enter into a detailed account of its great usefulness.

Domestic Servants, Mechanics, and Labourers, who, through sickness or accident, have been obliged to quit their places to go into the Hospital, and, on being discharged, have no home to go to, or friends to receive them, are either sent to a Convalescent Institution or receive seasonable assistance.

Many Patients, who, previously to their admission into the Hospital, have pawned or sold their furniture, clothes, or tools, have, upon leaving, been assisted in such a manner that they have been enabled again to gain a livelihood; others have had assistance for their families during their stay in the Hospital.

In cases of amputation of limbs, the benefits resulting from the operations have been rendered more complete by supply of wooden legs, etc.

A great number of Patients are received into the London Hospital suffering from Hernia, and none are allowed to leave without being supplied with a truss.

The expenses of a Samaritan Society are comparatively small. Perhaps no plan of Charity can be devised so well calculated to afford, with a small sum, such extensive and substantial relief.

During the past year, 689 Patients were sent to Convalescent Homes, 271 were supplied with mechanical aids, 64 were sent to their respective homes, 1002 destitute Patients were otherwise relieved, and 127 were supplied with meat and wine who had been attended at their own homes by the resident accoucheur.

An earnest appeal is made for Contributions in aid of this excellent Charity.

A DONATION of not less than Five Guineas in one sum confers the privileges of a Member for Life. The like privileges are conferred on Executors of Wills upon payment of bequests of not less than £50.

AN ANNUAL PAYMENT of not less than One Guinea confers the privileges of a Member, but only during the continuance of the subscription.

Left-off wearing apparel of all kinds will be thankfully received. The possession of such frequently enables the Committee to send destitute patients recovering from illness to Homes or Convalescent Hospitals, without encroachment on the funds in the purchase of proper clothing for them.

THE COMMITTEE earnestly solicit the SUPPORT of the public on behalf of this interesting Charity, where *seamen of every nation are freely admitted* without any recommendation but that which sickness or disease supplies; where they are allowed to remain in a state of convalescence, being clothed and assisted home in cases of destitution, and whence they are discharged not only cured of their bodily ailments, but, as it is hoped, better men, by the religious instruction and regular habits acquired during their stay in the Hospital.

In confidence of being relieved, seamen travel from the most distant parts of the Kingdom. Upwards of 200,000 seamen, of all nations, have been admitted to treatment since the Dreadnought Hospital was opened in the year 1821.

The Queen is graciously pleased to subscribe **ONE HUNDRED GUINEAS ANNUALLY**, thus marking Her Majesty's sense of the value and importance of this universal and cosmopolitan charity.

The qualification of a Governor is an annual subscription of one guinea.

Will any one refuse to give so small a sum to so universal a Charity?

THIS HOSPITAL, the first in the United Kingdom established and supported by Voluntary Contributions, has 200 Beds, and is situated in the centre of a district containing more than 100,000 inhabitants, of whom a large proportion belong to the industrial and poorer classes.

ACCIDENTS AND URGENT CASES are admitted at any time, day or night, without previous recommendation, and 2003 In-patients and 17,514 Out-patients were relieved last year.

EXTENSIVE REPAIRS AND IMPROVEMENTS were effected in the year 1877, at a cost of about £17,000, and nothing has been spared to render the Hospital complete in a constructive and sanitary point of view. Extra wards have been built for infectious cases, and day-rooms for Patients who, though convalescent, are not sufficiently recovered to leave the Hospital.

THE MEDICAL AND SURGICAL STAFF consists of three Physicians, with three Assistant-Physicians; three Surgeons, with three Assistant-Surgeons; an Aural Surgeon, an Obstetric Physician, an Assistant Obstetric Physician; a Surgeon-Dentist, a House Physician, a House Surgeon, and a resident Obstetric Assistant.

THE NURSING STAFF is provided by the WESTMINSTER TRAINING SCHOOL AND HOME FOR NURSES, in connection with the Hospital, founded in 1874 by the late Lady Augusta Stanley.

THE ANNUAL EXPENDITURE is upwards of £11,000; the assured annual receipts are little more than £5000.

THE HOUSE COMMITTEE urgently appeal for further support, and particularly for Annual Subscribers.

A DONATION of £30 constitutes a Governor for Life; an ANNUAL SUBSCRIPTION of £3 3s. constitutes an Annual Governor, enabling the Governor in either case to recommend three In-patients and six Out-patients during the year.

The Annual Subscriptions only amount to £7273, while the Annual Expenditure cannot be estimated at less than £24,000 a year.

During the year 1880, 18,638 persons (not including re-admissions) were treated as In or Out patients, of whom only 953 were admitted on the recommendation of Governors or Subscribers—for the rest no recommendation was required beyond the necessities of the applicants and the urgency or gravity of their maladies.

A Subscription of £5 5s. a year, or a Life Subscription of £50, renders a gentleman eligible for election as a Governor.

THE COMMITTEE EARNESTLY APPEAL FOR FUNDS to defray the heavy current expenses of this unendowed Charity. Its Subscriptions supply only one-third of its expenditure, and for the rest it is dependent on Donations and Legacies.

No London Hospital affords to its Patients a greater quantity of space, air, and light, and in none is the ventilation more perfect.

The Medical and Surgical Staff comprises many of the most skilful and experienced Physicians and Surgeons in London. The Nursing and Domestic arrangements, under the charge of the Lady Superior and the Sisters of St. John's House, are excellent.

About 2000 In-patients and 20,000 Out-patients are admitted annually. Since its foundation, the Hospital has received and treated upwards of a million and sixty thousand poor sick persons.

In May, 1878, the KING'S COLLEGE HOSPITAL CONVALESCENT HOME was opened, with accommodation for 15 Male, and 15 Female convalescents. Persons who have not been patients in King's College Hospital may be admitted on payment of 7s. a week, and 5s. a week for patients under 14 years.

DONATIONS AND ANNUAL SUBSCRIPTIONS to the Hospital and to the Convalescent Home will be thankfully received at the Hospital by the Secretary, who will gladly afford any information, personally or by letter; by the Treasurer, CHARLES HOARE, Esq., 37, Fleet Street; or by the MESSRS. Subscriptions may be paid to the SUPERINTENDENT, Convalescent Home, Hemel Hempstead; E. ALMACK, Esq., King's College Hospital; J. W. CUNNINGHAM, Esq., King's College, London; or to the account of the King's College Hospital Convalescent Home at Messrs. TWININGS.

The Managers are in urgent need of assistance towards carrying on their work.

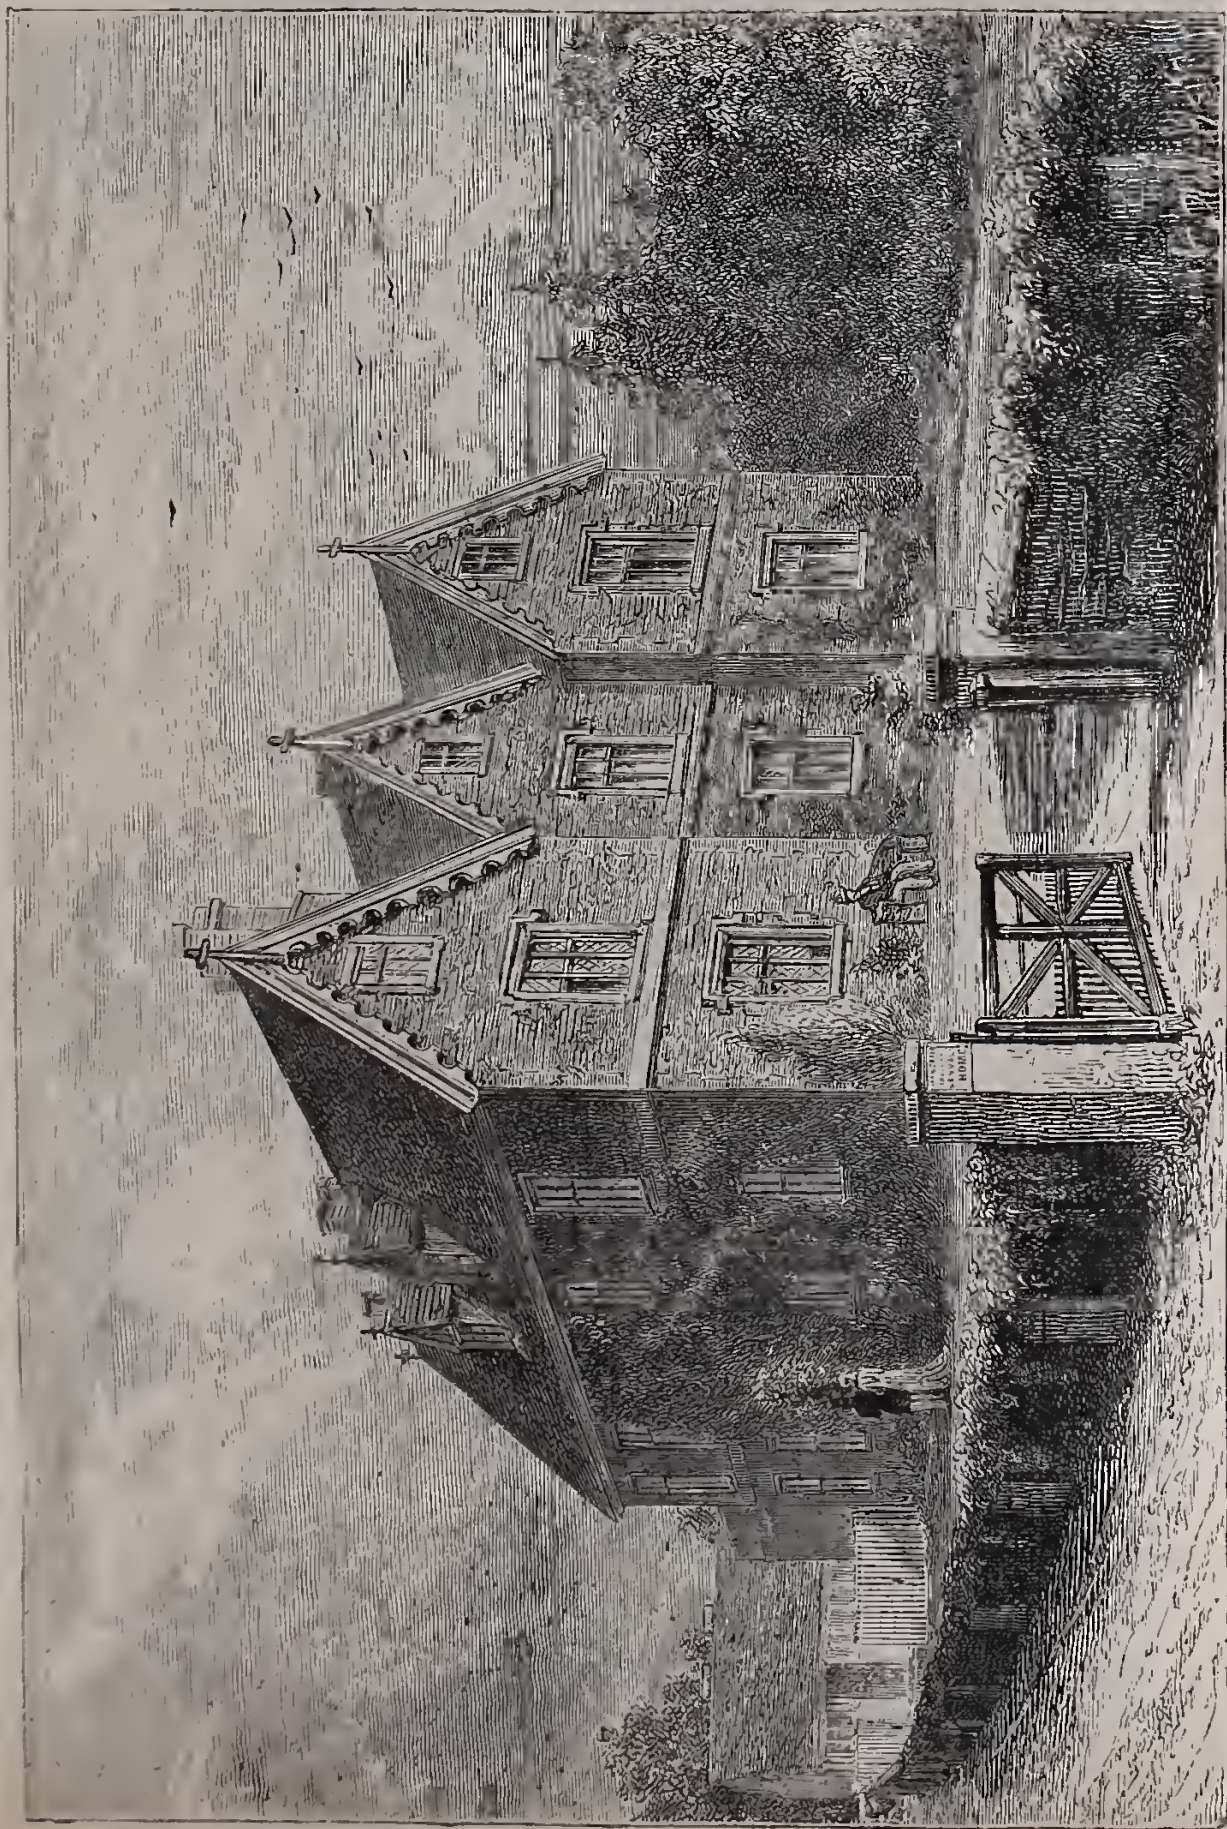

This Home is situated in a delightful position at Hemel Hempstead, about a mile from the Boxmoor Station of the London and North-Western Railway. It has been rendered admirably suitable for Convalescent Patients. The air and surroundings are all that can be desired.

There are now 40 beds, 20 for males and 20 for females, all kept constantly full.

Each Patient remains at least three weeks, but more serious cases much longer.

The Annual Expenses are about £1,500, and, with the exception of a very small Endowment Fund and the Fees paid by Patients, there is no regular income.

The Charge made for Patients is £1. 1s. for three weeks, but a large proportion of those coming from King's College Hospital are too poor to pay anything, and are therefore admitted free.

KING'S COLLEGE HOSPITAL CONVALESCENT HOME.

ROYAL
FREE
HOSPITAL,

GRAY'S
INN ROAD,
LONDON,
W.C.

HOSPITAL was founded in 1828 on the principle of *free* and unrestricted admission of the Sick Poor; poverty and suffering being the only passports needed. Having no endowment, it is ENTIRELY DEPENDENT FOR SUPPORT ON SUBSCRIPTIONS OF ITS GOVERNORS AND THE VOLUNTARY DONATIONS AND GIFTS OF ITS FRIENDS.

Hospital, which has recently been entirely rebuilt on the most modern principles of Hospital construction, now contains 150 beds. It admits into its wards about 2000 poor sick persons annually, besides administering advice and medicine to 30,000 out-patients, who resort to it, not only from the crowded streets and alleys in its immediate neighbourhood, but from all parts of London and the suburban districts. The relief thus afforded is effected at a cost of about £1000 per annum, while the income of the Charity from annual subscriptions is more than £1200; so that the large balance of about £8000 has to be raised by means of constant APPEALS TO THE PUBLIC BENEVOLENCE.

Punch thus bears testimony to the good work effected by this Hospital:—

THE ROYAL FREE HOSPITAL is not more free than welcome as a charitable refuge-place to thousands of our poor. When first it was started, not a Hospital in London was ever freely open—as in Charity all should be, to such sick folk as the Royal Free was founded specially to succour. In this really useful Hospital, as there are funds unspent, and sleeping wards unfilled, any poor sick person may come to them and fill them: and they need not lose their little strength by waiting up subscribers to send them ‘Open Sesamé’ in an admission ticket. Think what suffering is succoured by a Charity like this! Think that, but for Heaven’s mercy, you yourself, O Croesus! might haply there become a suppliant. Remember, there’s no shamming in the sick ward of a hospital. Shut your hands against sham sick folk as close as you can clench; but be royally free-handed to the Royal Free, and be sure that you do good with every shilling that you give to it.”

Subscriptions, Donations, and Legacies are kindly received by the Treasurer, MASTERMAN, Esq., 27, Clement’s Lane, E.C.; Messrs. BROWN, JANSON, & Co.; CLAY, BEVAN, & Co.; COUTTS & Co.; DRUMMOND & Co.; HERRIES & Co.; SCOTT, GROTE, & Co.; RANSOM & Co.; SMITH, PAYNE, & SMITH; WILLIAMS, GON, & Co.; NISBET & Co.; and at the Hospital, by,

THE GREAT NORTHERN HOSPITAL,

CALEDONIAN ROAD, N.

Established in 1856, as a Free General Hospital for the Relief of the Sick and Suffering Poor.

**ENTIRELY WITHOUT ENDOWMENT.
NO LETTERS OF RECOMMENDATION REQUIRED.**

As the population of London increases every year by as many thousands as would form a large provincial town, it is evident that the demand for Hospital accommodation must also in proportion grow larger, and must compel a gradual increase in the number of Metropolitan Hospitals. A continually growing need of this kind led to the establishment of THE GREAT NORTHERN HOSPITAL, with the special object of bringing Medical and Surgical aid within convenient distance of the most Northern districts of London; though the Charity is open without letters of recommendation, to all who need, and whose circumstances seem to justify, admission to its aid.

In the District immediately surrounding it are numerous Railways, Goods Stations, and Manufactories; and the Metropolitan Cattle Market is also very near at hand.

These Establishments, and the large working population that has necessarily gathered round them, require of themselves larger Hospital accommodation than the Great Northern can at present supply, and it is of very grave importance that the needed Hospital aid should be at hand, and not have to be sought by the sick and suffering at considerable distances. The country at large, moreover, by means of the Railways, and even other districts of the Metropolis, make no small demands on the resources of the Hospital.

But this is situated, of necessity, so far from the Districts occupied, and habitually, or even occasionally frequented by the wealthy, that urgent appeals are required to obtain even the support necessary to meet actual current expenses, and being out of reach of the stream of continuous Charity, great difficulty is experienced in keeping the Institution free from debt. In addition to this, it has become urgently necessary to build a new Hospital instead of carrying the Charity on any longer in the adapted dwelling-houses at present constituting its Buildings, and at the same time by increasing the number of beds, to meet somewhat less inadequately the increasing demands on the Charity.

The Committee hope, therefore, that they may confidently appeal to the public for assistance to enable them to continue and enlarge its usefulness. They feel sure that while appeals for suffering abroad are so generously responded to, the needs of this Institution, for giving Medical and Surgical aid to the sick, suffering, and wounded in life's battle at home, will meet with a full share of sympathy and support.

REMOTE from observation by the wealthier classes, in the centre of a very dense poor population engaged in the most dangerous and laborious industries, this Hospital is exactly situated where most required.

Accidents in the Port of London, in the Docks and Shipping, amongst the Factories and great Engineering Works, are of continual occurrence and of the most appalling character.

It is over two miles distant from the nearest general hospital. Delay and Transport, always painful, are often vital considerations.

THIS INSTITUTION has for its object the training of Christian young women for the various spheres of usefulness which belong of the Church of Christ. They are admitted from all denominations, the essential condition being that they must be Evangelical Christians, and have an earnest desire to live to God's glory and the welfare of their fellow-men. The object the Sisters have at heart is the spiritual enlightenment of those who come under their influence, and to that end they undertake the nursing of the sick in Hospitals and private families, rich and poor, visiting the poor, and teaching the young. The INSTITUTION has existed now for twelve years, and has already taken deep root in this country. It has not only its own Hospital, where during the last year 515 In-door patients have been nursed, and 9843 Out-door patients attended to, but also the Royal Infirmary in Sunderland, the Protestant part of the workhouse, Cork, and the Girls' Orphan Home, Tottenham.

The INSTITUTION is managed by a Council, Director, and Lady Superintendent. After two years of probation, Sisters are admitted as Deaconesses, who form one family, who, though they be sometimes stationed at a distance, look upon this Institution as their Parent House. Christian young women who are anxious to devote themselves body, soul, and spirit to the Lord's work, are requested to come forward and help the INSTITUTION to comply adequately with its numerous applications for help.

THE INSTITUTION IS ENTIRELY SUPPORTED BY VOLUNTARY CONTRIBUTIONS, and in urgent need.

SUBSCRIPTIONS and DONATIONS will be gratefully received by Dr. Laseron, or by the Lady Superintendent, at the Hospital; or can be paid to the Bankers of the INSTITUTION.

All P.O.O. made payable at the High Cross, Tottenham.

THE HOSPITAL, which was opened in July, 1878, meets a great want in this poor and populous neighbourhood, there being no other similar institution within two miles. It now provides eighteen Cots for Children, and eight Beds for Women. There is also a large Out-Patients' Department, which is open daily, and three evenings in the week. This is now almost self-supporting, but funds are urgently needed to meet the expense of maintaining the In-Patients' Wards, *especially those set apart for the suffering little ones*. The Hospital has no endowment or funded property; its only source of income (except the small contributions by Patients) is from the free-will offerings of sympathizing friends. The Committee very earnestly appeal to the benevolent for help.

THIS INSTITUTION is devoted *solely* to Diseases of the Nervous System—diseases which can only receive that amount of attention which their successful investigation and treatment demand in a Special Hospital provided with special scientific apparatus and special appliances, such as cannot be provided within the patient's home, nor safely entrusted to any but those duly qualified to use them.

The accommodation for IN-PATIENTS is so limited that, pending its increase, only very young paralysed children are received. The need of these little ones is so pressing that the truest charity demands their admission as the first In-Patients, and ten Cots are thus constantly fully occupied. There is no sight more saddening in the world than that of a little child afflicted with Paralysis or Epilepsy.

From July, 1880, to 31st May, 1881, *Five Hundred and Twenty-three* new cases of adult OUT-PATIENTS have been treated, and 4766 attendances in all have been given.

Indigent Patients are treated *Gratuitously* upon production of a certificate of poverty signed by a Magistrate, Minister of Religion, Registered Medical Practitioner, or Subscriber.

A special Waiting Room is provided for those who, while unable to afford Physicians' customary fees, can yet contribute Five Shillings weekly to the Funds of the Hospital.

This Charity being almost wholly dependent upon the voluntary contributions of the benevolent, the Committee earnestly plead for the liberal support of all who sympathise for those sadly afflicted young children, the relief of whom is the special care of this Hospital.

SUBSCRIPTIONS and DONATIONS will be thankfully received by the London and County Bank, 441, Oxford Street, W., or by the Hon. Secretary, at 73, Welbeck Street, W.

NORTH LONDON HOSPITAL

FOR

CONSUMPTION & DISEASES OF THE CHEST,

Mount Vernon, Hampstead, N.W.

OUT-PATIENTS' DEPARTMENT AND OFFICE—216, Tottenham Court Road, W.

ESTABLISHED 1860.

THE COMMITTEE desire to bring under the notice of the public the urgent need of funds to enable them to keep the number of beds in the Hospital fully occupied.

The Hospital for Consumption, Mount Vernon, Hampstead, has special claims on the public. It has verified the correctness of the opinion now generally received that a dry, bracing air, such as that of Hampstead, proves more beneficial both as to recovery in less advanced disease, and alleviation in the latter stages of consumption, than the warmer and softer air which was formerly so universally recommended.

It will scarcely be believed that throughout benevolent England only about 1000 Patients can be received at one time in all the Consumption Hospitals in the Kingdom.

The In-Patients during the past year numbered 271, and the Out-Patients 6320. Since the Hospital was opened more than 120,000 sufferers have been treated, with greater or less success.

SUBSCRIPTIONS AND DONATIONS will be thankfully received by the TREASURER, 37, Fleet Street, E.C. ; by the SECRETARY, at the Hospital, 216, Tottenham Court Road, W., or by either of the following Bankers:—Messrs. COUTTS & Co., Strand ; Messrs. HOARE, Fleet Street ; LONDON AND COUNTY BANK, Hanover Square.

FORM OF BEQUEST.

"I give and bequeath to the Treasurer for the time being of the NORTH LONDON HOSPITAL FOR CONSUMPTION AND DISEASES OF THE CHEST, situated at Hampstead, Middlesex, for the purposes of the said Hospital, the sum of £ (state the sum in words at length), to be paid, free of Legacy Duty, out of such part of my Personal Estate as the law permits to be bequeathed to charitable purposes.

HOSPITAL FOR CONSUMPTION AND DISEASES OF THE CHEST, BROMPTON, S.W.

Founded 1841. Incorporated by Act of Parliament.

Supported by Voluntary Contributions, and established for the reception
of Patients from all parts of the Kingdom.

Under the immediate Patronage of

HER MOST GRACIOUS MAJESTY THE QUEEN, and
His Royal Highness the PRINCE OF WALES, K.G.

President.—The Right Hon. the EARL OF DERBY.

THIS HOSPITAL has accommodation for 210 In-Patients; and for some time past 47 extra Beds for Male Patients have been provided by temporary arrangements in the Houses opposite, under the name of the "South Wing." These premises, with the adjacent Houses, have been pulled down to enable the Committee to utilise the Site for the purpose for which it was purchased, viz., the erection thereon of a spacious Building, to be fitted with every modern appliance, and to contain 137 additional Beds, together with an improved Out-Patients' Department. H.R.H. The Prince of Wales was graciously pleased, on 17th July, 1879, to lay the Foundation Stone of the New Building, which is now rapidly approaching completion.

Having in view the heavy outlay which the important Extension will involve, as well as the serious increase in the Annual Expenses which must follow the completion of the New Building, the Committee invite liberal aid by means of

NEW SUBSCRIPTIONS, DONATIONS, AND LEGACIES.

In appealing to the Public for the increased support thus needed, the Committee desire to remind them that *this Charity is unendowed, and is almost entirely dependent on Voluntary Contributions, THE EXPENDITURE BEING about £10,000 A YEAR BEYOND THE MORE OR LESS PERMANENT ANNUAL INCOME*; and an addition of £10,000 a year to the Receipts will be needed on the opening of the New Building.

DONORS of £52 10s., or ANNUAL SUBSCRIBERS of £5 5s., may recommend one In-Patient and eight Out-Patients a year.

Bankers.—Messrs. WILLIAMS, DEACON, & Co., 20, Birchin Lane.

PHILIP ROSE, *Hon. Secretary.*

HENRY DOBBIN, *Secretary.*

THIS HOSPITAL is situated in the far-famed Under Cliff of the Isle of Wight; its peculiar feature and its great merit are found in its construction on the separate system, whereby the Patients are scattered through a series of Houses, and each provided with a separate, spacious sleeping apartment facing the South and overlooking the Sea; instead of being placed in Wards, one Patient disturbing and depressing the others, and rendering it impossible to obtain that absolute purity of air, and those other conditions so essential to the alleviation and cure of Consumption and other Diseases of the Respiratory Organs. The advantages of this separate system are incalculable, and entitle this Hospital to take a foremost rank amongst the Medical Institutions of the day.

The Hospital comprises 16 Houses in 8 blocks, which afford accommodation for the reception of upwards of 100 men and women In-patients, a Chapel, and a central Kitchen, all connected by a spacious subway. There is also a Large Hall for Lectures, Concerts, and amusements, for the Patients. The grounds cover upwards of 20 acres.

IT IS SUPPORTED BY VOLUNTARY CONTRIBUTIONS.

There is no Endowment whatever.

THE DIET REQUIRED IS NOURISHING AND EXPENSIVE.

Nearly 600 In-patients were treated in 1880—the stay of the majority varying from 14 to 24 weeks.

ANNUAL SUBSCRIPTIONS, DONATIONS, and LEGACIES are urgently needed, and will be thankfully received by the Bankers, the LONDON & WESTMINSTER, St. James's Square; or by the SECRETARY, at the Offices, 12, Pall Mall, S.W.

THE REV. SHOLTO D. C. DOUGLAS, M.A., Rector of All Souls', Marylebone

Treasurer.—THOMAS BROOKER, Esq., 78, Margaret-street, W.

Secretary and Apothecary.—MR. FRANCIS BAILY.

THE central and convenient location of this Infirmary, and the great reputation it has long enjoyed for the skill and attention of its medical officers, cause Letters of Admission to it to be most eagerly sought after, and thus between two and three thousand Patients annually receive its benefits. Its charity, however, is not confined to any locality; the poor being admitted as patients, whether residing in London or elsewhere.

THE COMMITTEE OF MANAGEMENT earnestly urge that the establishment of a *Special Institution* where this insidious and fell disease, so expressively called Consumption, is treated by the highest medical skill with such happy results, that numerous cases which only a few years ago would have been deemed hopeless are combated and arrested with the gain of a long addition of life and usefulness to so many breadwinners of families, should assuredly be esteemed one of the noblest Charities that can adorn a city, and appeal, with force, to Christian sympathy. To such as contribute towards its maintenance He will surely say, "I WAS SICK, AND YE VISITED ME."

Let it be well considered by the Charitable that *the skill of the most eminent Physician can avail nothing unless there be funds to obtain the costly medicines he prescribes as imperative to the success of his treatment.*

ANNUAL SUBSCRIPTIONS, DONATIONS, and LEGACIES, are greatly needed, and will be thankfully received by the Chairman, at No. 30, Hanover Square; by the Treasurer, THOMAS BROOKER, Esq., 78, Margaret-street; the Bankers, Sir S. SCOTT & Co., 1, Cavendish-square; or by the Secretary, at the INFIRMARY.

THIS HOSPITAL was established in 1867 for the relief of the SICK CHILDREN OF THE POOR. It is situated in the densely populated districts of SHOREDITCH, BETHNAL GREEN, HACKNEY, HAGGERSTON, and HOXTON.

456 IN-PATIENTS and 14,033 OUT-PATIENTS (all being children under 12 years of age) were relieved during the year 1880. The attendances of Out-Patients amount, on the average, to nearly 1000 each week.

The New Wards opened by H.R.H. the Duchess of Connaught, in June, 1880, are now in full operation, and the 55 Beds always occupied, and there is still an increasing demand for much larger accommodation.

The Committee therefore make an EARNEST APPEAL FOR AID to enable them to maintain and increase the work of relief carried on at this Hospital.

ANNUAL SUBSCRIBERS of £2 2s. 0d. may recommend One In-Patient and Five Out-Patients yearly. DONORS of Twenty Guineas become LIFE GOVERNORS, and are entitled to a similar number of Tickets annually for life. COLLECTING BOXES for Children may be had on application to the Secretary.

EXTRACT FROM THE *Times*, OCTOBER, 1880.

"This Hospital, which was founded 13 years ago, is placed in one of the poorest and most densely populated districts of the Metropolis, precautions being taken that none but fit subjects for treatment shall be admitted to the benefits of the Charity. The originator of the Institution is stated to have been a lady, a member of the Society of Friends, who took a single room in the district as a dispensary. Subsequently two houses were secured, and in June last wards were formally opened by her Royal Highness the Duchess of Connaught, and permission was given to name one the "Connaught Ward." The number of beds in the extended Hospital is 55, and in the Convalescent Home at Croydon eight beds are provided. Since the opening 146,000 patients have been relieved, and the average number of out-patients weekly is nearly 1000. The new wards display the most recent improvements for securing comfort, cleanliness, and ventilation. Communication by telephone is provided all over the building, and there is a "complete isolation" ward, which is connected only by telephone with the rest of the building. There has been a most ingenious adaptation of the great flat roof, which has been securely railed in, and turned to the purpose of a playground, whence the little sufferers may obtain occasional glimpses of the outlying country. The cost of the construction of new wards and offices, together with that of the freehold, is about £21,000, and one result of opening these wards is that there is an expenditure in excess of income estimated at £700 a year. There is a debt remaining on the building of about £600, and the expenditure for the past three years has been £400 in excess of income. New subscriptions, therefore, are much needed. The Hospital is open to visitors on week-day afternoons, and none who can be induced to pay a personal visit can fail to be gratified at witnessing the constant and minute care extended to so many destitute and afflicted children."

Lady Superintendent.—MISS STRANGE.

THIS Hospital has been established for the reception of Children suffering from Chronic or Incurable Disease, who are on that account excluded or discharged from General Hospitals. Although many of these patients are beyond hope of ultimate recovery, it is found that medical skill and careful nursing, together with good food and ventilation, such as cannot be obtained in the homes of the poor, will always greatly alleviate suffering; while some cases can be successfully treated which, requiring for their cure a longer time than can be spared to them in General Hospitals, receive here continuous care for an indefinite period.

Children are admitted (those recommended by Subscribers taking precedence) between the ages of 4 and 10, on a Medical Certificate stating the nature of the disease from which they are suffering, after approval by the Medical Officers of the Hospital.

The payment of 4s. a week is required from the Parents or Friends of the Patient.

Cripples not requiring Surgical treatment, and Children suffering from Epilepsy or Mental Derangement, are not eligible.

The Hospital is open to the Public every day (except Sunday) between the hours of 2 and half-past 4.

SUBSCRIPTIONS, DONATIONS, and LEGACIES, will be gratefully received by the Hon. Secretary, to whom all communications should be addressed, at the Hospital; and by the Bankers, Messrs. FULLER, BANBURY, NIX, and MATHISON, 77, Lombard Street.

THE HOSPITAL was founded for the reception and treatment of gentlewomen in reduced circumstances, and respectable poor women and others, suffering from those distressing diseases to which the female sex is liable, irrespective of social position. They are received upon the wise and discriminating principle of requiring a small weekly payment from those in a position to afford it, while to THE ACTUAL POOR GRATUITOUS TREATMENT IS FREELY GIVEN.

In no respect whatever are the Free Patients less generously treated than the paying Patients.

There is an average of 2000 NEW Cases Annually. There have been 11,088 attendances of Out-patients in the past year. There are five times more applicants on the Register for Admission than there are beds.

The Hospital *having no endowment, is entirely dependent on voluntary support.*

THE HOSPITAL FOR WOMEN was the first established in this or any other country exclusively for the treatment of those maladies which neither rank, wealth, nor character can avert from the female sex.

It supplies a great need. Since its foundation, in 1842, upwards of 82,000 of the Sick Poor have received medical and surgical relief within its walls, while the number of applicants for its aid is steadily increasing.

It is a NATIONAL Institution, patients being received from all parts of the United Kingdom, and from the Colonies.

Its doors are open daily to every poor and suffering woman in the land.

It is conducted upon Christian Principles, and thus provision is made for the spiritual as well as for the physical welfare of the patients.

It is entirely dependent upon Voluntary Contributions, which are greatly needed and earnestly solicited, especially Annual Subscriptions.

ANNUAL SUBSCRIBERS of Three Guineas, Donors of Thirty Guineas, and Collectors of Fifty Guineas, are entitled to recommend One In-Patient every year.

THE NEW WING FOR PAYING PATIENTS.

This Wing, erected on the site of the large Freehold premises which adjoined the Hospital, was opened in 1869 for the reception of those able to contribute a weekly sum towards the cost of their maintenance.

CONTRIBUTIONS to the General Fund of the Charity will be thankfully received by the Bankers, or by the Secretary at the Hospital, from whom further information may be obtained.

THIS INSTITUTION is the oldest and largest Lying-in Charity in Great Britain. More than 3500 poor women are annually relieved at the most critical period of their lives *without removal from their own homes*, a great boon to the poor, as no one need be reminded of the importance of a mother's presence in a poor man's family.

They are also saved from the dangers to which patients delivered in the best regulated lying-in hospitals are constantly exposed from the contagion of child-bed fever.

Moreover, under this system of home-ministration none are denied for want of room; as, in the words of the noble President, "All London is the Charity's Hospital and every Street a Ward."

In fact there is no limit to the Charity's operations, but want of funds, which are just now much needed.

Six Patients can be annually recommended for a Life Subscription of TEN GUINEAS, or an Annual Subscription of ONE GUINEA, or three for a Life Subscription of FIVE GUINEAS, which, with Donations for the Samaritan Fund, will be thankfully received by—

Sir JOHN LUBBOCK, Bart, 15, Lombard Street;

THIS HOSPITAL was instituted in 1750, at Shaftesbury House, Aldersgate Street, and removed to the present site in 1773, for the RECEPTION and DELIVERY of *Respectable poor Pregnant Married Women*.

THE DELIVERY of OUT-PATIENTS at their own homes was instituted in 1872.

The Regulations for the Admission of Patients are as follows :—

IN-PATIENTS must apply on Wednesdays, at Ten o'clock, with certificate of marriage. Those who produce recommendations from Subscribers have preference of admission. When entered upon the books, they will be received within forty-eight hours of their delivery, at any hour of the night or day. Both Women and Children are taken care of until sufficiently recovered to leave the Hospital. Previous to leaving, the Women are Churched, and the Children are Baptized and Registered.

OUT-PATIENTS are required to attend on Wednesdays, at Twelve o'clock, with a Governor's letter of recommendation and their marriage certificate.

During the past year 383 patients were received into the Hospital, and 1050 were delivered by the midwives at their own homes.

A *Samaritan Fund* is attached to the Hospital, to assist such of the patients as may be destitute of necessities for themselves or their infants, or may want the means of procuring needful comforts on leaving the Hospital.

Sanitary Improvements, recommended by the Medical Staff, have recently been carried out at a cost of nearly £5000; the Committee therefore most earnestly solicit the liberal support of the affluent. The tenderness and necessity of those whom it relieves and cherishes ought to be most persuasive advocates, especially with ladies.

SUBSCRIPTIONS and **DONATIONS** will be thankfully received by the Bankers, MESSRS. ROBERTS, LUBBOCK, & Co., 15, Lombard Street, and by the Secretary, at the Hospital.

DONORS of Ten Guineas or any larger sum are Governors for Life, with the privilege of recommending Four In and Eight Out-patients in each year for every Ten Guineas contributed.

ANNUAL SUBSCRIBERS of One Guinea, or any larger sum, are Annual Governors, and may recommend One In and Two Out-patients for each Guinea subscribed.

THIS HOSPITAL receives In-Patients from all parts of the kingdom, its object being to provide an Asylum for the delivery of poor respectable married women, and single women of good conduct with their first child. Out-Patients are delivered at their own homes in the Metropolis and environs. Since the Hospital was founded it has provided for the delivery of upwards of 80,000 poor women. During the past year 333 In-Patients and 735 Out-Patients were relieved (the In-Patient figure is for six months only).

Pupil Midwives and Nurses are received for training, and a Register is kept of both Monthly and Wet-Nurses. When it is remembered that there are but four Institutions in London, and not more than six throughout England, where Monthly Nurses and Midwives for attendance on the poor can be properly and thoroughly trained, and that this Institution receives annually upwards of 100 Nurses and Midwives for this purpose from all parts of the United Kingdom, and even from India and the Colonies, it will at once be seen how great a claim this Hospital has to public support.

The Managing Committee desire to call attention to the fact that this Charity does not receive that amount of pecuniary support which is necessary to maintain it in efficiency, the reliable income being lamentably inadequate, and they therefore earnestly hope that the public will not refuse to assist a work so well worthy of their support as that which is performed by this old-established and most valuable Institution.

Subscribers of £2 2s. annually, or £21 in one sum, are entitled to recommend one In- and two Out-Patients per annum; and Subscribers of £1 1s. annually, or £10 10s. in one sum, are entitled to recommend four Out-Patients per annum.

CONTRIBUTIONS will be gratefully received by the Bankers, Messrs. COCKS, BIDDULPH, & Co., 43, Charing Cross, or by the Secretary, at the Hospital.

FORM OF BEQUEST.

I give and bequeath to QUEEN CHARLOTTE'S LYING-IN HOSPITAL, 191, Marylebone Road, London, N.W., the sum of * for the use of the said Hospital, to be paid free of Legacy duty; and I declare that the receipt of the Treasurer for the time being of the said Hospital shall be a sufficient discharge for the same.

Treasurer.—GENERAL SIR HENRY DE BATHE, BART.

THIS HOSPITAL was established for the care and cure of the insane of those classes of Society for whom no legal provision has been made.

The Committee most earnestly appeal for Donations in support of this Institution, which has for so long a period afforded valuable assistance and alleviation in this the heaviest affliction which it has pleased Divine Providence to inflict upon His Creatures. A Governor's Qualification is 30 guineas. A Subscriber of 10 guineas, undertaking to contribute like amounts in each of the two years next following—so completing the requisite qualification—may be provisionally chosen a Governor, and be eligible at once to serve on the Committee.

THIS is the only Hospital in England exclusively devoted to that class of painful and distressing diseases for the treatment of which it was founded in 1835. It is perfectly free and entirely supported by voluntary contributions.

During the past year **260 In-Patients** and **2005 Out-Patients** participated in the benefits of the Charity; and as the demands upon it continue to increase without a commensurate increase in its income, the Committee hope that the charitably-disposed public will aid them in carrying on the good and benevolent work which up to the present has been so successful.

Funds are urgently needed to enable the Committee to carry on this good work.

SUBSCRIPTIONS and DONATIONS will be thankfully received by the Treasurer, or at the Hospital by

FORM OF BEQUEST.

The following form of Bequest is recommended to those who may feel disposed to assist the Hospital by Will:—

THIS HOSPITAL was established in 1873 for the treatment of CANCER AND EXTERNAL TUMOURS, by the Michel and other processes, *without the knife*.

The Committee feel confident, from the experience of past years, that all the sufferings of Cancer can be alleviated, if not entirely removed, by the use of the various remedies tested and adopted in the Hospital. It is very desirable, however, if not imperative, that the patient should come into the Hospital in the earlier stages of the disease.

During the past year 110 In-Patients and 271 Out-Patients were under treatment. The nature of the disease usually causes the wards to be occupied by the same Patients for many weeks.

All Patients must be furnished with a Subscriber's Letter of Recommendation. The letters of recommendation expire at the end of eight weeks, and, unless renewed, the Patient must pay the ordinary Hospital charge of £1 per week.

OUT-PATIENTS are seen every morning from 11 to 1. Friends of Patients are admitted on Sundays, Tuesdays, and Thursdays, from 2 to 4 p.m.

SUBSCRIPTIONS AND DONATIONS

Are most earnestly solicited, and will be thankfully received by the Bankers, by the Treasurer, or, at the Hospital, by the Secretary. The present funds are not even sufficient to defray the expenses of wine and the costly medicine needed for the proper treatment of In-Patients.—Gifts of Linen, Left-off Garments, etc., will also be gratefully acknowledged.

Private rooms and attendance are provided for Ladies apart from the Ward, from two guineas per week, including nursing and attendance.

THE HOSPITAL CAN BE VISITED AT ANY TIME.

By order, C. S. HARVEY, *Secretary*.

FORM OF BEQUEST.

ROYAL SEA BATHING INFIRMARY, MARGATE.**OFFICES—30, CHARING CROSS, S.W.****FOUNDED 1791.**

THIS is the *only Hospital* in England which is strictly limited to cases of *Scrofulous Disease*. Sea Air, Sea Bathing, a Dry Soil, and Wholesome Atmosphere, are essentially necessary for the successful treatment of Scrofula. The Margate Sea Bathing Infirmary, built on the sea-side, has been the blessed means by which *Tens of Thousands* of the Poor of our Country, afflicted with Scrofula, have been sent home wholly cured, or so greatly relieved, as to be able to earn a livelihood and enjoy life again, when before it had been a burden to them.

The HOSPITAL has 250 BEDS, and it remains open all the year round to patients introduced by Governors subscribing not less than £1 1s. per annum, or Donors of not less than £10 10s. Six hundred and nine Patients received its benefits during the year 1879.

CONTRIBUTIONS IN AID ARE MUCH NEEDED.

The Income of the Infirmary has not at any time been equal to the expenditure, owing to the exhausting nature of the disease treated.

DONATIONS of Life Governors and ANNUAL SUBSCRIPTIONS of Governors may be paid to the BANK OF ENGLAND; Messrs. COUTTS & Co., 59, Strand; Messrs. COBB, Margate; at the Office of the Charity; or at the Hospital.

Post-office Orders on Charing Cross, or Banker's Cheques (crossed), may be forwarded to the SECRETARY, at the Offices of the Charity, 30, Charing Cross, S.W.—*Every remittance will be immediately acknowledged.*

THE PERIOD OF CONVALESCENCE is, to the poorer classes, a weary trial. Inability to work entails scanty sustenance when plentiful food is urgently required, or produces absolute want, and compels resort to parochial relief. Exertion beyond the strength always retards recovery, often leads to relapse, and especially tends to develop diseases that may be prevented, but cannot be cured.

The mission of the SEA-SIDE CONVALESCENT HOSPITAL is, when the General Hospital or such home treatment as the poor may attain have done their part, to complete the work of restoration by administering sea air under medical supervision, with ample food, lodging, nursing, and repose.

EACH ADMISSION ORDER AVAILABLE FOR ONE MONTH.

626 Cases were passed in 1880.

The signal success that, with hardly an exception, has attended the treatment of about 7,950 cases, some of them most difficult, has brought so many and urgent calls for the Society's help, that the Committee are pressed for funds. They have now an admirable freehold hospital capable of accommodating 70 inmates, but their resources are inadequate to the task of maintaining it in full efficiency, and of adding warm sea-baths to its many other advantages.

THIS Hospital, the oldest and considerably the largest of its speciality in England, is the parent of all the Eye Infirmaries throughout the British dominions. By the recent addition of a NEW WING, its accommodation for In-patients has been raised to 100 beds, while the Out-patient Department has been entirely remodelled, and has room for about 400 Patients daily. It relieves, on an average, 1500 In-patients and about 21,000 Out-patients annually. The number of attendances in 1880 was 105, 535.

THE ADMISSION IS ENTIRELY FREE TO THE AFFLICTED POOR, all whose wants are gratuitously and liberally supplied; including, when required, Spectacles and Artificial Eyes, which form a large item of expenditure.

The recent Enlargement of the Building has necessarily involved a considerable addition to the current expenses, which reach over £5000 annually. As the certain income of the Charity is only £1300 a year, it will be seen how urgent is the necessity for a strenuous APPEAL to public benevolence on behalf of an old-established Institution, long recognized as one of the most important and valuable Medical Charities in this Country.

A LIFE SUBSCRIPTION, which is £10 10s., or an Annual Subscription of not less than £1 1s., entitles the Donor to all the privileges of a Governor, including unlimited power of recommendation of Patients, eligible by their poverty to the benefits of the Charity.

ANNUAL SUBSCRIPTIONS (which are especially solicited) and other Contributions will be thankfully received at the Hospital by the Secretary, by whom all further needful information will be promptly supplied on application.

Founded in 1816, by the late G. J. GUTHRIE, Esq., F.R.S., for the Relief of Indigent Persons afflicted with Diseases of the Eye.

PATRONS:

HER MOST GRACIOUS MAJESTY THE QUEEN.

H.R.H. THE PRINCE OF WALES, K.G., &c.

Treasurer.—JAMES HENRY COLE, Esq.

Bankers.—MESSRS. COUTTS & Co., Strand; MESSRS. DRUMMOND, Charing Cross.

THIS HOSPITAL receives the poor on their own application, without Letters of Recommendation. Those in the country Requiring Operation are received after a previous application by the Clergyman, or other duly constituted authorities of the place, to the Secretary.

The Hospital contains Thirteen Wards, with complete accommodation for Fifty In-Patients. It is open daily for the admission of In-Patients, and advice for Out-patients, from 12 o'clock until half-past 1 o'clock, and is entirely supported by Voluntary Contributions.

Since the foundation of the Hospital in the year 1816, to the 1st of January, 1881, 317,471 persons have availed themselves of its benefits. Of this number 19,562 have been admitted as In-Patients, and operations have been performed in 21,428 cases. During the past year, 7801 new cases were treated at the Institution. The recent extensive alterations as to ventilation, drainage, and improvements to the wards, and raising the building another story, have necessarily created a great addition to the Hospital expenses.

The cost of the improvements and enlargements of the Building has exceeded the sum of £4500. An earnest appeal is therefore made for Funds to meet this large outlay, and for means to carry on and maintain the efficiency of this useful charity, the current expenses being about £2000 annually.

SUBSCRIPTIONS and **DONATIONS** will be thankfully received by the Bankers, or at the Hospital, by the Secretary. A Subscription of One or Two Guineas a year constitutes an Annual, and a Donation of Ten Guineas, a Life Governor.

Donations of Old Linen, such as Tablecloths, Napkins, &c., will be thankfully received, these articles being invaluable, and greatly needed in operations.

GEORGE C. FARRANT, *Secretary.*

By taking payments in cash, in lieu of letters in certain cases, it secures that those who are able shall be encouraged to help themselves, and thereby retain their independence, while at the same time it prevents the abuse of the Charity.

The Cripple Girls are instructed in Straw-work and Bonnet-making, the Sewing Machine, and Dressmaking. After three years, they are mostly able to earn their own living.

The Industrial Girls are taught house-work, washing, and cooking, wait upon the Cripples, and are generally trained for domestic servants.

FUNDS ARE GREATLY NEEDED, not only to maintain the present efficiency of the work, but to afford the Cripples change of air at the seaside—with them an imperative necessity.

THIS CHARITY was instituted in 1805 to feed, clothe, educate on Christian principles, and teach a trade to Crippled Boys, so that they may be able to support themselves when they leave the Home.

Left to take their chance in their own dwellings, in poverty and sickness, their case is almost hopeless.

The returns of the deaths of Crippled Children show a living multitude of 100,000.

100,000 Cripples in England and Wales means 100,000 afflicted families to whom this Home will be an incalculable boon.

The new premises, with an acre of land behind, freehold, are near the Railway Station, Kensington High Street.

The enlargement of the premises to receive 100 boys is urgently needed. But this cannot be done for want of funds.

AT THE LAST MAY ELECTION OF THE

PROTESTANT BLIND PENSION SOCIETY

Seventeen Pensioners were elected, and four above 75 years of age had been purchased, bringing up the number of recipients of the benefits of this Charity to 344, whilst nine of the old Pensioners were promoted to a higher scale of pension—eight on reaching 70 years, and one on reaching 80.

THIS SOCIETY, established only 18 years since, in 1863, has during its short existence conferred on many hundreds of deserving and necessitous Blind much solace and substantial relief, in their homes with their families, by regular Pensions, paid monthly. The census of 1851 first made known to the public the number of the Blind. At that date they numbered 27,074; at the next census, 1861, 29,248; in 1871, 31,159. The figures of the last (1881) have not yet been made public; but it is fair to infer that the increase of nearly 2000 each decade will be kept up. As by far the greater majority of the Blind lose their sight long after reaching manhood and womanhood, it is impossible for them to compete with sighted labour and earn the means of self-support by the very few, and least remunerative trades to which their attempts must ever be limited; as in mat-making they are undersold by convict labour, in brush-filling by sighted labour, and in basket-making by foreign importers, whilst in chair-caning they cannot compete with the more rapid work of the sighted.

THE PENSIONS, to increase which is always a source of real happiness to the Committee, whenever the generous Contributions of the Benevolent justify the step, are apportioned according to the ages of the recipients, as shown in the following table of the 344 at present in receipt of Pensions.

ELECTIONS OF PENSIONERS take place twice a year, in May and November; and the two following Rules of this Charity are worthy of particular attention:—

- 1.—That the object of this Society be to relieve the Indigent Blind, of good moral character, without regard to sect or creed.
- 2.—That at each Election the two unsuccessful Candidates the longest on the list shall be made Pensioners.

For every 10s. 6d., Annual Subscription, or £5 5s., Life Donation, the contributor is entitled to One Vote at each Election; and for every £1 1s., Annual Subscription, or £10 10s., Life Donation, to Two Votes at each Election.

For £52 10s., Life Donation, the Donor becomes a Vice-President with 10 Votes.

The payment of a Bequest of £100, or upwards, to this Society, entitles each Executor to the privilege of a Life Vote.

N.B.—Applicants to this Society who have been compelled, by the sad necessities of their case, to apply for Parochial Relief, are not disqualified from becoming Pensioners.

Vice-President—F. GREEN, ESQ. | Lady-President—MISS GILBERT.

Treasurer—HENRY SYKES THORNTON, ESQ.

Hon. Secretary—HUME NICHOLL, ESQ.

THIS ASSOCIATION, the parent of all for employing the Adult Blind, was founded in 1856, by Miss GILBERT (herself blind), daughter of Bishop Gilbert, of Chichester, for the special purposes of teaching trades to the adult blind, of giving them employment in the workshops of the Association and at their own homes, of providing them with material, and of ensuring a market for the sale of their work through its retail shop.

Ninety-nine men and women are now employed in the workshops and at their own houses, and 24 others are receiving small pensions. Many women and children are dependent on these Blind for support. Others who attend the Westminster Evening Class also receive a small sum for guide-money. The industrial arts carried on are the manufacture of brushes, brooms, baskets, mats, and rugs; fire-wood chopping and tying by the men; and of brushes, baskets, and chair-caning, sash-line making and fancy woolwork making by the women. It is hoped to introduce other trades. As these articles are equal in make and quality to those produced by sighted workers, the Committee would urge upon all interested in the welfare of the Blind to purchase them at the Association, and they will thus contribute towards allowing a larger number of these sadly-afflicted persons to be employed regularly. An increase of the custom of hotels and other large establishments, as well as of private households, is earnestly solicited.

A great many Blind are applying for admission, and cannot be taken on for want of funds.

The Committee gladly invite inspection of the premises, where some of the Blind may be seen at work.

Contributions in aid of this Charity are urgently needed for current expenses and also to enable the Association to obtain what is most essential for carrying on trade—a working capital.

SUBSCRIPTIONS and DONATIONS will be thankfully received by Miss GILBERT, 5, Stanhope Place, Hyde Park, W.; by the following Bankers:—Messrs. WILLIAMS, DEACON, & Co., 20, Birchin Lane, E.C.; Messrs. DRUMMOND & Co., 49, Charing Cross, S.W., and Sir SAMUEL SCOTT, Bart., & Co., 1, Cavendish Square, W.; by the Honorary Secretary, HUME NICHOLL, Esq., at the Association, 28, Berners Street, W.

Post-Office Orders to be made payable to HUME NICHOLL, Hon. Secretary, Money-Order Office, Berners Street, W.

A List of the Goods on Sale, with Prices, will be forwarded immediately on application to the Manager, Mr. CHARLES HEYDEN, 28, Berners Street, W., to whom all business letters should be addressed.

Secretary.—MR. W. C. LESTER.

THE Committee appeal most earnestly on behalf of the blind poor of London, to raise the condition of whom this Society was founded.

The means employed are regular home visitation, relief according to the necessity of each case, and elementary education in day classes. More than 700 are now on the Society's books; a large number are being regularly employed, while the others are relieved at their own homes. The state of the Society's funds causes great anxiety, the income being precarious and frequently less than the expenditure. As Annual Subscriptions are the most reliable source of income the Committee earnestly solicit the benevolent to become Annual Subscribers.

AN ANNUAL SUBSCRIBER of ONE GUINEA or a LIFE DONOR of TEN GUINEAS is entitled to have one blind person on the Society's Books.

CONTRIBUTIONS will be gratefully received by the Secretary, MR. W. C. LESTER, 27, Red Lion Square, W.C., or by the Bankers, MESSRS. WILLIAMS, DEACON, & Co., 20, Birchin Lane, E.C.

THE AIM OF THIS ASSOCIATION is to help the poor Blind to help themselves. Several classes are established for instruction in Reading, Work, and Music, to which all the members have access. In addition, the members have the privilege of borrowing small sums of money free of interest, with which to buy materials for work to sell, or for any similar purpose. There are now on the books 109 Blind Persons of both sexes. The usefulness and extent of the work of the Association are much restricted for lack of means, and the Committee earnestly appeal to the friends of these poor afflicted ones to come forward with Subscriptions and Donations to enable them to meet the daily increasing demands upon their funds.

SUBSCRIPTIONS and DONATIONS thankfully received by the Treasurer, as above, or by the Honorary Secretary, 15, Brixton Road, S.W.

2.—To visit the Deaf and Dumb at their own homes.

3.—To assist Deaf and Dumb persons in obtaining employment.

4.—To relieve, either by gifts or loans of money, deserving necessitous Deaf and Dumb persons.

5.—To encourage the early training of Deaf and Dumb children preparatory to their admission into Educational Institutions.

HIS ROYAL HIGHNESS THE PRINCE OF WALES, K.G.

THIS old and deserving Metropolitan Charity (the first of its kind in Britain), has up to the present time received under its fostering protection 4411 deaf and dumb children, from all parts of the United Kingdom.

With very few exceptions these poor children belong to indigent parentage; they have, therefore, been **BOARDED, CLOTHED, and SPECIALLY EDUCATED**, for average periods of five years each child, at the sole cost of this Charity.

Moreover, when their educational term has expired, the arm of assistance has been still further extended towards them; and 1688 former inmates have been taught and acquired a knowledge of various useful occupations, at a cost to the Charity of £15,978. Three hundred deaf and dumb children are now under instruction at the Town and Sea-side Establishments.

The School is open daily for inspection between 11 a.m. and 1 p.m., Sundays excepted.

About 144 former pupils are now serving terms of apprenticeship, the premiums for which have been found by the Committee.

It is essential to the welfare of hundreds of poor families, having deaf and dumb children, that the Committee should not be restricted in their labours to do good by the lack of funds.

No institution possesses more liberal rules of management. No suitable candidate has ever failed to gain admission.

Deaf and dumb children are eligible from seven to ten years of age.

ELECTIONS are held in January and July.

HOME No. 2.—6, VICTORIA PARK SQUARE, E.

HOME No. 3.—171, GRANGE ROAD, BERMONDSEY, S.E.

Accommodation for One Hundred children.

THE NECESSITY FOR THESE HOMES has arisen out of the action of the School Board for London, who have undertaken to provide an improved system of education for all the deaf and dumb children of the Metropolis, by establishing Centres of Instruction in the ordinary day schools provided for other children. Four Centres are established in the East, West, North, and South Districts, and 180 names are on the Registers. Many children are unable to attend the Centres of Instruction on account of the distance at which they reside.

A temporary Home in the vicinity of each Centre, where they can board and lodge from Monday till Friday, will place the unspeakable advantage of early education within their reach.

SUBSCRIPTIONS AND DONATIONS in aid of these objects are earnestly solicited, and will be thankfully received by the Rev. W. STAINER, Treasurer, 1, GORE ROAD, Victoria Park, E.

THE PROVINCE of THIS SOCIETY is to preach the Gospel, and in other ways relieve two classes—those who cannot, and those who will not, attend the ordinary places of worship. The work of preaching and visitation is carried on by over one hundred gratuitous labourers, belonging to every Evangelical denomination, the Society being entirely unsectarian. Last year the total number who heard the Gospel from its members was over 423,170; the number of Services held being nearly 12,564; and upwards of 153,119 tracts were distributed. Free breakfasts were given on Sundays all the year round, and free teas as often as possible, with the most blessed results; and relief was given to the sick and destitute as far as the means at command would allow.

Funds are Urgently Required to pay the Debt on the Mission Hall, Thrawl Street, Spitalfields, E.; for the Benevolent and Sick Fund; and for the General Fund.

SUBSCRIPTIONS and DONATIONS will be most gratefully received by the Treasurer, F. A. BEVAN, Esq., at the Bank; by the Hon. Secretary, Rev. Wm. TYLER, 247, Hackney Road, E.; by the Secretary, Mr. JAMES ATKINSON; or by the Bankers, Messrs. BARCLAY, BEVAN, & Co., 54, Lombard-street, E.C.

CONSTITUTION.—The business of the Society is conducted by a Committee chosen annually in London, consisting of four Ministers and eight Laymen, and of six Trustees, one half being evangelical Members of the Church of England, and one half evangelical Nonconformists.

PRODUCTIONS.—The Society has upon its catalogues upwards of 2500 separate Tracts and Handbills; besides Books, Periodicals, Sermons, Broad-sheets, Cards, &c., for adults; and a vast variety of Tracts and Books for children.

ANNUAL SUBSCRIBERS of half a guinea and upwards are Members of the Society so long as the subscription is continued. **DONORS** of ten guineas, and an Executor paying a legacy of £50 and upwards, are Members for Life. *Members have the privilege of purchasing all the Society's publications at a Reduction of 25 per cent. from catalogue prices.*

DONATIONS AND SUBSCRIPTIONS are applied:—

To furnish free grants of Tracts to the multitudes who cannot purchase, but must possess them.

To furnish Libraries at reduced rates to poor congregations, Sunday-schools, whether at home or in the colonies.

To furnish paper and money to the Societies at Calcutta, Allahabad, Tirhoot, Orissa, Madras, Bangalore, Surat, Neyoor, Ceylon, Burmah, Canton, Hong Kong, Shanghai, and Singapore.

To furnish money to France, Belgium, Sweden, Russia, Switzerland, Germany, Spain, Portugal, Italy, and Turkey; without which aid Tract operations in these several places would soon come to an end.

Amid the various societies springing up and calling upon the public for support, it is hoped that the Religious Tract Society—which has been enabled during more than seventy-nine years to do a great work for God, and is doing it still more extensively—will continue to enjoy in augmenting proportions the support and prayers of Christians of all denominations,

OBJECTS.

To assist in the establishment and maintenance of Evangelical Sunday Schools at home and abroad.

To increase the efficiency of existing Schools by stimulating Teachers to greater exertions, providing them with suitable works for perusal, and establishing Local Examinations throughout the country on Scripture History, the Evidences of Christianity, and the Principles and Art of Teaching. At the last Annual Examinations in March, 1234 Papers were written by 1060 Teachers. Since the establishment of the Examinations, 12,815 Papers have been written, of which 9341 have been passed by the Examiners. 2011 full Certificates have been awarded, and 390 prizes of books, of the value of £410.

To supply Books and Stationery to Sunday Schools at reduced prices.

To assist in the erection of Class Rooms, by grants of money, and in the maintenance of Sunday Schools in School Board premises by contributions towards the annual rent.

To make grants of suitable Library Books to Sunday Schools at one-half, and, in some cases, one-third the retail prices. Since the formation of the Society 13,806 of such grants have been made, the value of the books being £68,697 1s. 4d.

A Reading Room and Library are maintained to which Sunday School Teachers and Elder Scholars have access at the nominal charge of One Shilling per annum.

A very large work is carried on on the Continent of Europe, where several hundreds of Sunday Schools have been established and assisted, twelve Missionaries being wholly or partially maintained by the Society. Magazines for Children are published in several languages, and largely aided by grants of money and engravings.

To carry on the foregoing and various other operations for the benefit of Sunday Schools a large annual amount is required; and at the present time funds are urgently needed, the "Benevolent Fund" being largely overdrawn.

LIFE SUBSCRIBERS of £10 10s. or upwards and ANNUAL SUBSCRIBERS are entitled to purchase the publications of the Union at a reduction of 25 per cent.

Cheques and Post Office Orders to be made payable to Mr. JOHN E. TRESIDDER, Financial Secretary, and crossed "Union Bank of London."

THE OBJECT OF THIS SOCIETY

Is to promote the circulation of SOUND CHRISTIAN LITERATURE in English or in Foreign Languages (including the BOOK of COMMON PRAYER, TRACTS, and EDUCATIONAL WORKS) among all classes, both at home and abroad.

FOR THIS PURPOSE the Society publishes a Catalogue of BOOKS, TRACTS, PAMPHLETS, etc., selected from the Publications issued from time to time by various Publishers and Societies.

THE BOOKS INSERTED in the Catalogue of the Society embrace SECULAR as well as RELIGIOUS READING, every effort being made to exclude those that are inconsistent with the Evangelical and Protestant Principles of the Church of England, and to avoid all Rationalistic Tendencies.

THE SOCIETY UNDERTAKES the Publishing of USEFUL BOOKS, etc. subject to the approval of the Committee.

IT IS MOST IMPORTANT that the TRUE DOCTRINES of our HOLY RELIGION should be circulated as extensively as possible among all Classes, and the need of Increased Organization is painfully apparent, as no method for PROMOTING the CIRCULATION of LITERATURE of a decidedly PROTESTANT CHARACTER is adopted by any other Society.

THE SOCIETY ASSISTS, by grants of books, prayer books, tracts, and school materials, SUNDAY and DAY-SCHOOLS, PARISH LIBRARIES, INSTITUTIONS for the Benefit of SOLDIERS, SAILORS, and others, and the CLERGY in their PAROCHIAL WORK.

OCCASIONAL PECUNIARY AID is given toward the SUPPORT of DAY-SCHOOLS where the Education is carried on in accordance with the Principles of the Established Church.

SUBSCRIBERS.

SUBSCRIBERS of ONE GUINEA (or if Clergymen, Half a Guinea) per Annum have the privilege of obtaining BOOKS, SCHOOL MATERIALS, etc., from the Society, at about 25 per cent. less than the Published Prices.

CLERGYMEN likewise have the privilege of Subscribers upon COLLECTING the SUM of FIFTY SHILLINGS annually, by Sermon or otherwise.

SUBSCRIBERS of TWO GUINEAS per Annum are entitled to *recommend* GRANTS at Half Price, to the AMOUNT of TEN POUNDS Annually.

DONORS of TEN GUINEAS become LIFE MEMBERS of the Society.

THE LORD ARCHBISHOP OF CANTERBURY, AND
THE LORD BISHOPS OF LONDON, WINCHESTER, ROCHESTER,
AND ST. ALBANS.

Treasurer.—SIR WALTER R. FARQUHAR, BART.

THIS SOCIETY is employing 125 Scripture Readers amongst the poor and destitute of London. They go from house to house, and from room to room, reading the Word of God, pressing its precious truths on men's acceptance, pleading with God in prayer for a blessing, and directing all with whom they come in contact to Jesus the Saviour of sinners. Infidelity and Secularism are sowing their seeds broadcast amongst the artisans and working-classes. Our Readers, carrying with them the pure Word of the living God, bring to bear upon the masses the power of a living, loving Christianity. **WE WANT TO MULTIPLY SCRIPTURE READERS**, for nothing, we believe, can supply the place of house-to-house visitation, and so surely bring the Word of God into immediate contact with individual souls.

FUNDS ARE URGENTLY NEEDED,

and will be thankfully received by either of the undernamed,

MARCUS RAINSFORD, *Clerical Secretary*.

J. RODDAM TATE, *Lay Secretary*.

PATRON.—THE REV. THE CHAPLAIN-GENERAL.

PRESIDENT.—GENERAL SIR A. J. LAWRENCE, K.C.B.

SOLE OBJECT OF THE SOCIETY—

TO SPREAD THE SAVING KNOWLEDGE OF CHRIST AMONG OUR SOLDIERS.

The Committee make AN EARNEST APPEAL FOR FUNDS to all who have the religious and moral elevation of our Army at heart, and who would wish to see the hands of the military Chaplains strengthened by the assistance of a body of men of the Soldier's own station in life, who, without the restraint unavoidable in the intercourse of different classes of Society, may commend to them the love of Christ, read to them the Word of Life, and strive to lead them from the deceitful pleasures of sin to that peace which the world can neither give nor take away.

There are now 92 Scripture Readers on the Lists of the Society, of whom 17 are abroad and 75 at home.

CONTRIBUTIONS in aid of the Society will be thankfully received by the Treasurer, V. G. M. HOLT, Esq., 17, Whitehall Place; at the National Provincial Bank of England, 212, Piccadilly, W.; and by the Secretary, Mr. WM. A. BLAKE, at the Offices, 4, Trafalgar Square, Charing Cross, W.C.

NATIONAL SOCIETY

FOR

PROMOTING THE EDUCATION OF THE POOR

IN THE

PRINCIPLES OF THE ESTABLISHED CHURCH.

Churchmen are earnestly requested to meet the pressing wants of the Society by means of Donations and Annual Subscriptions, and thus enable the Committee to give a favourable response to the numerous and urgent applications for aid that are being daily received.

THE SOCIETY'S WORK.

PAST WORK.

SINCE its formation in 1811, the Society has expended nearly eleven hundred thousand pounds in promoting the Education of the Children of the Poor in the principles of the Established Church, involving an expenditure of at least twelve times as much from other sources for the same end.

1. Building and enlarging Church Schools. Since the passing of the Education Act of 1870, the Society has voted £124,222 for building and enlarging Schools in 2833 places. These grants will assist in providing school accommodation for nearly 340,000 additional children.

2. Increasing the efficiency of the poorer classes of Church Schools by means of grants towards Fittings, Books, and Repairs; and enabling Church Schools not at present assisted by Government to become efficient Public Elementary Schools, by grants towards the employment of a Certificated Teacher for the first time.

3. Maintaining the existing Church Training Colleges and providing for the examination of the students in religious knowledge.

4. Fostering an efficient system for the Diocesan Inspection of Church Schools under the direction of the Bishop of each diocese.

5. Protecting the 14,000 Schools in union with the Society, and other Church Schools, in which a sound secular as well as religious education is given.

6. Diffusing the most recent and trustworthy information on educational topics, and giving advice to School Managers; and generally adopting every legitimate means for the Maintenance and Extension of Church Education which has proved so great a blessing to this nation.

THE *School Guardian*, an Educational Newspaper and Review which contains the latest information on Educational Matters, and is the best medium for all scholastic advertisements, may be obtained through local booksellers, or it will be sent to persons on payment of 8s. 6d. annually in advance, which may be remitted in postage stamps or otherwise to the Publisher, at the National Society's Dépôt, Sanctuary, Westminster.

N.B.—The present liabilities of the Society for Grants already promised amount to £16,787; and of this sum £6827 is promised for building and enlarging Schools.

Cheques or Drafts should be made payable to the Treasurer or bearer (not order), and crossed "Messrs. DRUMMOND."

Post-office Orders may be made payable to Rev. JAMES DUNCAN, at the Charing Cross Post-office, and forwarded to the National Society's Office, Sanctuary, Westminster, S.W.

Admission is obtained by examination for Scholarships before her Majesty's Inspectors in July in each year, open to Pupil Teachers as well as to others who have attained the age of 19, and who have previously applied to the Committee and been admitted. The Entrance Fee to the Institution is £10, and £3 for books and class-room requisites, and for this sum the candidate receives two years' training, with board and lodging.

In this Department the Society is aided by Grants from Government to the extent of 75 per cent. of the total cost; but it is dependent on the voluntary contributions of its friends for the remaining 25 per cent. Such aid will be gratefully received.

NON-GOVERNMENT DEPARTMENT.

Honorary Director.—H. GRATTAN GUINNESS.

Auditors.—THEODORE JONES & CO., FINSBURY CIRCUS.

Honorary Secretary.—MRS. H. GRATTAN GUINNESS.

This Institute was founded under a deep and pressing sense of the claims of the eight hundred millions of heathen, still in this nineteenth century utterly unevangelized; and of the need of a practical Training Home, where Christian young men, of any evangelical denomination, gifted for God's service, and sincerely desirous to devote themselves to it, might be freely received and tested, instructed in the truth, exercised in various branches of evangelistic labour, and when sufficiently prepared, *helped to go forth as missionaries* to any country or sphere to which God might providentially open their way.

The need for and the benefit of such an Institute may be judged from the fact, that during the seven years that have elapsed since its commencement, more than a thousand Christian young men have applied to be received; that nearly two hundred and fifty have been accepted, and that of these nearly one hundred and fifty are at the present time labouring in the gospel, either in the home or the foreign field, while between seventy and eighty are still studying in the Institute.

As a rule, the students are not in a position to contribute towards the expenses of their own support and training; the work involves, therefore, considerable outlay.

Contributions are much needed, and will be received with thanksgiving to God. They may be sent to the Treasurer, STEVENSON A. BLACKWOOD, Esq.; or to the Hon. Director, H. GRATTAN GUINNESS, Harley House, Bow, London, E. Cheques should be crossed London and South Western Bank, London, and P.O.O. made payable at the General Post Office.

LIVINGSTONE (CONGO) INLAND MISSION

This Mission was established in 1877 with a view to evangelizing the Great Congo Basin of Central Africa, and has ten missionaries in the district. These now occupy, and are working from, *Three Central Stations*, viz., MATADDI, on the lower river; PARABELLA, near Yellala; and BANZA MONTIKO, sixty miles further inland. The leader of the Mission, Mr. Adam McCall, of Leicester, with his exploring party, were, at the date of the last tidings, advancing towards Stanley Pool.

The attention of all Christians is earnestly invited to this important and arduous undertaking; and all information will be gladly rendered on application to the Secretary, Mrs. H. GRATTAN GUINNESS, as above.

The Society grants—

- 1st, Donations to Poor Clergymen incapable of duty from mental or bodily infirmity, or burdened with large families, or in unavoidable necessity.
- 2ndly, Pensions to Poor Widows and Aged Maiden Daughters of Deceased Clergymen, and temporary relief in cases of great age or sickness.
- 3rdly, Apprentice-Fees and Donations towards the education and establishment in life of Children of Poor Clergymen.

In 1880 the Governors assisted by grants 283 Clergymen, 342 Children, 238 Widows and Single Daughters; and by Pensions 406 other Widows and 306 Daughters; in all 1575 individuals. The total sum paid was £26,622.

Pensions and Donations are granted by the Court of Assistants on receiving satisfactory proof of personal merit and necessity, and the names of the Court are a sufficient guarantee of the strict impartiality which prevails over the distribution of the funds. Grants for Children are made only for approved and definite objects—viz., education, apprenticeships, articled and other clerkships, and outfits in trades and professions.

The comprehensive character of its benevolent objects, and the Catholic spirit in which the Corporation acts, form a leading and distinguishing feature in its management.

Donors of 30 guineas and upwards are elected Governors of the Corporation.

LEGACIES form a most valuable means of increasing the annual income of this great church charity.

DONATIONS, ANNUAL SUBSCRIPTIONS. SPECIAL BENEFAC-TIONS, CHURCH COLLECTIONS and OFFERTORIES, will be gratefully received by W. PAGET BOWMAN, Esq., Registrar, 2, Bloomsbury Place, Bloomsbury Square, W.C.; and by Messrs. HOARE, Bankers, 37, Fleet Street, E.C.

THE OBJECT of this Institution is to administer assistance to Authors of published works of approved literary merit, and of important Contributions to Periodical Literature, who may be reduced to distress by unavoidable calamities, or deprived, by enfeebled faculties or declining life, of the power of literary exertion. This assistance is extended at the death of an Author to his widow and children. In the application of this liberality, the utmost caution is used, both as to the reality of the distress, and the merits of the individual. No writer can come within the views of the Society who has not published a work of intelligence and public value, or been an important contributor to Periodical Literature; and every author, without exception, is excluded whose writings are offensive to Moral or Religion, and whose personal character is not proved by satisfactory testimony to be beyond suspicion. The business of the Society is transacted by a Committee; the most anxious consideration is given to the feelings of individuals; all names, and all circumstances which might lead to names, are carefully suppressed, and every precaution is taken to avoid distressing publicity. The bounty of the Institution is bestowed without regard to national or political distinctions. The amount distributed in grants to the close of 1880 was £90,617.

With these principles and purposes, this Institution appeals to every one who can appreciate the moral and religious benefits which literature confers upon Society—to the millions who are daily and hourly improved by that increase and spread of knowledge which every year augments the number of its claimants.

DONATIONS and SUBSCRIPTIONS will be thankfully received and acknowledged by the Treasurers, ANTHONY TROLLOPE, Esq., North-end, Harting, Petersfield; FREDERIC OUVRY, Esq., V.P.S.A., 66, Lincoln's Inn Fields, W.C.; LORD JOHN MANNERS, G.C.B., M.P., 3, Cambridge Gate, Regent's Park, N.W.; by the Bankers, Messrs. THE RIGHT HON. LORD HOUGHTON, D.C.L.

Secretary.

JOHN BYRNE, JUN., Esq.

THE OBJECT of this Association is to raise by Subscriptions and Donations a Fund for the relief in want or distress of the whole paid class of Literary Contributors to the Press of the United Kingdom—PROPRIETORS, EDITORS, MANAGERS, SUB-EDITORS, LEADER WRITERS, REVIEWERS, FINE ART, MUSICAL, AND DRAMATIC CRITICS, COMMERCIAL WRITERS, CORRESPONDENTS AT HOME AND ABROAD, including the CORRESPONDENTS OF FOREIGN NEWSPAPERS resident in the United Kingdom, and every class of REPORTERS, being Members of the Fund—as well as to afford assistance to their Widows, Families, Parents, or other near relatives in the hour of need.

The names of the recipients of the Society's grants are not published, and all communications in the nature of Applications for Aid are held to be STRICTLY CONFIDENTIAL.

Extract from Speech of H.R.H. THE DUKE OF CAMBRIDGE at the ANNIVERSARY FESTIVAL, 1868.

"The Press is a valuable, an important, and an essential institution. I believe no country could get on without it. On the other hand, the position which it assumes requires great prudence, great caution, great forbearance, and a great amount of talent; and the question is, how these great requirements can be best attained. There is no doubt that the best mode of strengthening a profession or a service is to give it security; and what is that but imparting the conviction that those who are connected with it will never be altogether forgotten? that those who have shown great ability, great vigour of intellect, great physical power of endurance, when the time of sickness or old age comes, may feel that they are not a burden to themselves or a cause of distress and anxiety to their friends. It is with a view of meeting this emergency, which may arise in the case of any man in any profession, that this NEWSPAPER PRESS FUND has been so judiciously, so wisely, and so properly established. It is my anxious hope and sincere belief that an institution established on so large a basis, and with such generous motives, will receive the measure of support to which it is fully and fairly entitled from all well-wishers of the country."

DONATIONS AND SUBSCRIPTIONS

Will be thankfully received by the Treasurer, HYDE CLARKE, Esq., 32, St. George's Square, S.W.; by the Bankers, Messrs. COUTTS & Co., 59, Strand, W.C., and by the Secretary, at the Offices of the Fund, 55, Strand, W.C.

FORM OF BEQUEST.

"I give and bequeath to the Trustees, for the time being, of a Benevolent Institution called THE NEWSPAPER PRESS FUND, 55, Strand, London, the sum of _____ calendar months next after my decease, out of that part of my personal estate which may by law be given with effect to charitable purposes; and to be applied towards carrying on the benevolent design of the said Institution."

UNITED LAW CLERKS' SOCIETY,**3, SERJEANTS' INN, CHANCERY LANE, W.C.****Patron.—THE RIGHT HON. THE LORD HIGH CHANCELLOR.**

THIS SOCIETY was established in 1832 by a few Managing Clerks, who had long witnessed with pain the distressed condition of many of their fellow-clerks, when deprived of health, or past labour; and also the suffering often endured by their Widows and Families on their decease, for which provision was seldom made. A Fund was created by small monthly contributions, out of which relief is afforded in sickness, pensions granted to aged and infirm members, and assistance given to the families of deceased members.

A Benevolent Fund, to which every member contributed, was also formed to assist distressed Clerks, whether members or not, their Widows and Families, with small gifts of money, not exceeding £5. Under certain necessary restrictions, this assistance is afforded to all deserving Law Clerks and their families, whose distress is not the result of their own misconduct.

MEMBERS are required to take in the MORNING ADVERTISER while in business as Licensed Victuallers.

As the advantages to be derived depend upon the time that Members are in business, and take in the MORNING ADVERTISER, it is obvious that it is beneficial to members of the Trade, to join the Society as *early as possible after commencing business*; and thus secure for themselves and their families the great advantages offered by the Society in case of misfortune.

Among the benefits in active operation is the distribution of upwards of NINETY-THREE POUNDS WEEKLY, in allowances of 5s. 6d. to 12s. to 265 Aged and Distressed Members of the Society.

From the Establishment of the Society to March last £292,196 18s. 6d. has been distributed in Weekly Allowances to aged and indigent Members. The amount paid on this account during the last year was £5018 15s. 6d.

PRESIDENT:—THE DUKE OF RICHMOND AND GORDON, K.G.

OBJECTS.

I.—To grant annuities at the rate of £16 to £18 per annum to aged or infirm cabmen who can no longer earn their living.

II.—To grant loans without interest to members requiring such aid on the security of another member of the Association.

III.—To assist the Widows and Orphans of Cabmen who were members at their decease.

SPECIAL APPEAL.

It may be said with truth that every one who avails himself of the service of cab-drivers lies under an obligation of charity, if not of justice, at least to read and consider this appeal. But there are certain classes in whom this appeal ought especially to meet with sympathy and a willing response. None are more dependent upon the services of cab-drivers than the large and opulent class of commercial and professional men, who at all hours of day and night need their prompt assistance.

The multitudes who travel by railroad—and this is especially true of families—depend largely upon the good conduct of cab-drivers. The numerous and wealthy class of gentlemen who during the season congregate in London, the members of Clubs, and it may be said, above all, the members of our Courts of Law and of Parliament, have a great interest in raising the condition, and it may be added, a duty of benevolence, to relieve the needs and sufferings of those who have worn themselves out in the public service.

Donations or Subscriptions in aid of the Society's objects may be paid to the Treasurer's Account, Union Bank, Charing Cross; or they will be thankfully received by

G. STORMONT MURPHY,

Hon. Secretary.

THIS INSTITUTION was founded in 1807, to afford an Asylum to Fallen Young Women, who are themselves anxious to return to a good and useful life. The number of Inmates ranges from about 70 to 80. Bankers.—LONDON & WESTMINSTER BANK, Bloomsbury.

Secretary.—WILLIAM HORNIBROOK, 4, Regent Square, W.C.

THIS SOCIETY was established in 1860 for the reception of the less degraded class of penitent fallen young women, for whom little provision has been made.

Young women are admitted on any day, and coming from any quarter whatsoever, if there be room in the Homes.

Special efforts are made on behalf of young mothers with their first infants, who are generally greatly to be pitied. A Home has been opened for the reception of such young women before they become mothers, *whose previous good character and position unfit them for the wards of a workhouse.*

Since the Homes have been established, nearly 3000 women have been admitted; of this number a large proportion belonged to the class of young mothers who were thus saved from falling into deeper and continued sin; and many were rescued from surroundings of great temptation unfallen. In almost every case the young mothers, and those admitted unfallen have turned out well, and about 70 per cent. of the others.

While inmates of the Homes the young women are trained in household and domestic duties, with a view to their becoming good and useful members of society. Religious instruction is given, and the extreme importance of turning to God with all their hearts is earnestly impressed.

The applications for admissions are painfully urgent, and the charity is wholly dependent upon voluntary contributions.

SUBSCRIPTIONS and DONATIONS will be gratefully received by the Treasurer or by the Secretary.

FORM OF BEQUEST.

“I give and bequeath unto the Treasurer for the time being, of the ‘Homes of Hope,’ Regent Square, London, W.C., for the Restoration of Fallen, and the Protection of Friendless Young Women the sum of _____ to be paid out of my Personal Estate, free from Legacy Duty, and I direct that the receipt of the Treasurer for the time being shall be a sufficient discharge for the said legacy.”

THIS SOCIETY, founded in 1838, seeks to reclaim Young Women from all parts of the Country, who have, by one false step, fallen from the path of virtue. They are cared for in their trouble, if expecting to become mothers; and, after suitable training, are placed in service, where needful help is given them in supporting their infants, lest, through want, they should fall again into sin. This is the more necessary from the extreme youth of many of the applicants, which prevents their earning sufficient to maintain their infants.

During the Past Year 88 Women and 52 Babies found a Home and Protection in this Institution.

Subscriptions and Donations are Earnestly Solicited.

Cheques should be "crossed" Messrs. Sir S. SCOTT, Bart., & Co. Post-office Orders payable to GEORGE SCUDAMORE, at the Western Branch District Post Office, Vere Street, Oxford Street, W.

THIS SOCIETY is established to convene Meetings of Fallen Women in the Metropolis and the Provinces.

The Society's design is to carry the glad tidings of God's mercy in Christ Jesus to the many thousands of poor outcast women who are hurrying on to their temporal and eternal ruin, and dragging their victims down to their own wretched level.

Without these efforts the career of the Fallen Woman is, humanly speaking, hopeless ; as she studiously shuns the House of God.

During the last twenty-two years the Committee have found that the majority of the most pressing and painful cases were country girls and orphans.

Since the institution of the Society the Committee have held 712 meetings, attended by an aggregate of over 46,000 poor young women.

Forty-two meetings were held during the past year.

There have been over 5000 RECLAIMED YOUNG WOMEN PLACED IN HOMES THROUGH THE INSTRUMENTALITY OF THIS SOCIETY ; and large numbers have been known to leave their sinful courses without receiving any temporal aid from the Society.

DONATIONS and SUBSCRIPTIONS will be thankfully received by C. WILSON M'CREE, at the Office, 8a, Red Lion Square, W.C., to whom all Post Office Orders, on G.P.O., and Bankers' Drafts (to order) should be made payable.

THE Chief Aim of the Union is to Elevate and Reclaim the Neglected and Criminal Classes by educating them in the fear of God, and the knowledge of the Holy Scriptures. The Union has three distinct works:—

I. It promotes the Improvement and Extension of Preventive Efforts.

By disseminating information as to what has been already accomplished; pointing out the necessity for fresh efforts, and if needful, originating them; giving attention to all measures brought before Parliament affecting the progress of the movement; advising those about to engage in Reformatory work; acting as a centre of communication between those already so labouring; holding Industrial Exhibitions at which the work executed in the Institutions is displayed; and by arranging Conferences for interchange of the experience of those engaged in the work.

These operations are carried on by means of the GENERAL FUND of the Union.

II. It assists to Feed, Clothe, and Educate the Destitute.

By Grants to those Refuges, Homes, and Industrial Schools in which the Homeless, Outcast, and Neglected are sheltered and taught. Upwards of £30,000 have been thus distributed since the formation of the Union. Each Grant is made only after careful Inspection of the Institution, and approval of its management and financial position.

These Grants are made out of the CHILDREN'S AID AND REFUGE FUND of the Union.

III. It sustains direct Missionary Efforts.

These are: 1st. A WOMAN'S MISSION TO WOMEN (The Female Mission to the Fallen), for which there is a special fund. SEE preceding page.

2nd. An Agent, better known as the BOYS' BEADLE, who is employed to "look after" the waifs and strays of the Metropolis, upwards of 3,209 of whom he has helped.

3rd. A METROPOLITAN DISCHARGED PRISONERS' RELIEF COMMITTEE, for aiding those who have committed their first or second offence, to regain their good name, and return to the ranks of the industrious and honest: upwards of 8,298 have been assisted thus.

A PROVIDENT AND BENEVOLENT FUND has been established for the benefit of Officers in Institutions connected with the Union.

Further information willingly given by the Secretary at the Offices.

CONTRIBUTIONS are earnestly solicited towards these various objects, and will be appropriated to each one in accordance with the wishes of the Contributors.

ANNUAL SUBSCRIPTIONS are especially requested.

THE WORK OF THIS SOCIETY extends to all parts of London, wherever misery and destitution indicate the need of its assistance. In the centres of poverty its little unpretending Dining-rooms, with their tin dishes and Smoking Irish Stew, week after week, month after month, afford good meat meals to thousands of poor hungry children, whose bodies are wasted and whose intellects have become blunted through neglect and hunger.

The Society has Fifty-two Dining-rooms opened, costing for dinners about £500 per month.

The Committee desire to express their deep feeling of gratitude to their Almighty Father for the success that has attended their efforts to relieve in some slight degree the misery caused to poor destitute children by the want of good nourishing food, and to remind their Subscribers and the public that He who took such special care to show His love for children said, "Inasmuch as ye have done it unto one of the least of these My brethren ye have done it unto Me."

FUNDS ARE MUCH NEEDED to carry on and extend this truly benevolent work, so much needed, especially by the poor hungry children attending *Ragged and other Schools in all parts of London*. The Committee therefore earnestly appeal for the generous aid of a Christian people. Each one can contribute according to his or her means.

SUBSCRIPTIONS AND DONATIONS will be most thankfully received by the Bankers, by the Treasurers, or by the Secretary.

THIS HOME has been established by a great effort. Its object is to benefit those of the above-named classes, from 60 years of age, who, after a life of industry and strict integrity, have become, through misfortune, desolate and in want.

The work was begun in a very trustful way at the close of the year 1877, with the earnest desire to provide a FREE HOME for those whose services have been faithfully rendered in the past. This has been done, up to the present time, for as many as the funds would permit without getting into debt.

To carry on this newly formed work, which is *quite dependent upon* VOLUNTARY SUBSCRIPTIONS and DONATIONS, help is greatly needed, so that it may increase and grow.

The hope of the Founder is that her life-work may result in a large Institution, built *free* from debt, with a separate wing for each class.

SUBSCRIPTIONS and DONATIONS may be paid to the Bankers, Messrs. BARCLAY, BEVAN, & Co., 54, Lombard Street, E.C.; or will be gratefully received at the Home, by Miss ELIZABETH COALES.

THE OBJECT of this Society is to save young girls between the ages of eleven and fifteen, whether orphans or otherwise, who are, from any circumstance, in danger of becoming abandoned; to educate, train, feed, clothe, and prepare them for future usefulness as domestic servants; to protect them during the most critical period of life; and to counsel and reward them for continued good conduct after leaving the Home.

Thirteen hundred and fifteen young girls have been admitted to the Home since its foundation, and trained as domestic servants; of these over a thousand have been placed in situations by the Society and provided with outfits. Two hundred and thirteen young girls have been restored to their friends.

The Institution has suffered sadly by the commercial depression of the past year, and over one-third of the accommodation at the Home has consequently remained inutilized.

The Committee earnestly solicit increased support, to enable them to sustain and increase the great and good work carried on by this Home.

SUBSCRIPTIONS and DONATIONS will be thankfully received by the Consolidated Bank, Threadneedle Street; Messrs. DRUMMONDS, Charing Cross; Messrs. COUTTS & Co., Strand; and by the Secretary, at the Office. Post Office Orders to be made payable to ALFRED M.
